

Hope For Permanent Closing Of Crossing

Underpass North Of Broadway Would Give Rail Yards More Room

Permanent closing of Broadway at the railroad crossing, currently one of the busiest traffic points in the Quad-Cities, was envisioned by Venice city council members Friday night.

Re-routing of vehicles through a proposed underpass north of Broadway was cited by city officials as a solution to several present traffic problems which were discussed at the council meeting.

With plans made for Venice to be colorfully decorated for a July 28 visit by former President Truman and Governor Kerner, Mayor John E. Lee said he hopes Kerner will see the need for the underpass. The governor's approval is needed for use of part of the state's share of federal highway funds.

Problems brought out Friday evening including slippery conditions during rain as autos are turning left off Broadway to enter Main street.

Reporting several auto accidents there due to rain, First Ward Alderman Harry Buente urged installation of "slippery when wet" signs. McKinley Bridge Manager Henry McMullen agreed to look for such signs among the bridge supplies.

Study Advertising Signs

First Ward Alderman James Miller said the traffic committee and Police Chief Frank DeWitt have been studying the effect on traffic of several advertising signs on Broadway.

Main street and the crossing. Their recommendation at present is to make no change.

Traffic from the Engineer Depot along County road has been studied, and it is not severe enough to warrant action at this time, DeWitt said. If any more of the present three signs are added, it may be necessary to take action against them as traffic hazards, he added.

Mayor Lee asked City Clerk William M. Ebersold to write the New York Central Railroad about the rough surfaces encountered by autos crossing the bridge.

GC Twp. Relief

Cost Down In June

Although there were declines in relief cases and costs in Granite City township during June, an increase is expected in July.

At the end of June, the township reported for June a total of 124 cases with 343 persons and costs of \$853.83, compared to May totals of 136 cases, 380 persons and costs of \$838.81.

In June 1961, the totals were 110 cases with 427 persons and costs of \$389.00.

Total relief costs for the current fiscal year, which started March 1, now amount to \$81,235, compared to \$24,118 for the same period in 1961.

Elimination of sewage backup in the Nameoki sanitary sewer is one of the advantages of the proposed two-pipe, separate drainage and sewage system for Granite City proper, which also will halt the same situation throughout the township.

The flow of sewage along city streets in the Nameoki area is a long-standing problem. It has caused a rain of rain every week when there were two downpours—11 inches of rain early Wednesday morning and 1.65-inch of rain on Thursday morning.

"The danger of this situation has been pointed out repeatedly during public meetings held to explain the city's proposed \$10,000,000 revenue bond issue for pollution abatement and drainage."

Two-inch Rain Fills Sewers

Granite City, except for the Nameoki area, presently has a one-pipe sewer system with all sanitary sewage and storm water drainage going through the same pipe to the river. The present sewer system is more than

An unusually high number of injuries was recorded as a result of auto accidents in the Quad-City area over the weekend, with 18 persons hurt in 21 mishaps. Four of the collisions resulted in injuries to two or more.

Among those hurt were two young boys, one struck by an auto and the other hit by a truck. Four persons were injured in each of two crashes, while one accident on new Interstate Highway 70 resulted in injuries to three.

Terry Lee Townsend, 6, of 2319 Delmar avenue, suffered injuries Friday afternoon when he was struck by an auto in front of his home.

The driver, Albert Bernhard, 68, of 2446 State street, told police he was driving slowly but the boy darted in front of the auto too quickly for him to stop.

The boy was taken to St. Elizabeth Hospital where he was treated for abrasions to the left arm and hand and lacerated. He was not hospitalized.

David Lee Munoz, five years old, 1011 1/2 street, East Madison, was admitted to St. Elizabeth Hospital for observation after being struck on the head by a westbound auto on Sixth street in front of his home at 2:40 p.m. Saturday. He was taken to the hospital by ambulance.

His condition today was listed as fair.

The motorist, Hugh R. Jordan, 21, of 1000 Grand avenue, Madison, said the boy darted in front of him from behind a parked ice cream sales truck, whose driver he did not see.

He said he tried to swerve, but the boy kept on running, he related.

4 Hurt In 2 Auto Crash

Four persons were injured slightly Friday afternoon when an auto struck another in the intersection of Madison and

the intersection of Madison and the sidewalk and into a wall and steel gate.

Police said an auto driven by Mrs. Kenneth (Patricia) Kingsley, 29, of 2222 State street, stopped on Madison street, struck a truck driven by an auto driven by Leonard A. Sabol, 18, of 1014 Alton avenue, Madison.

The Kingsley car was struck and smashed several wall boards.

Injured were Mrs. Kingsley, her children, Kevin Kingsley, 6, and Debra Kingsley, 10, and a 19-year-old girl who was seriously injured.

Mrs. Kingsley suffered bruises to the lower right leg and arm, and a laceration to the face. The children were bruised and shaken.

Freight Accident Injures 4

Four persons were treated for minor injuries Thursday at St. Elizabeth Hospital after a freight automobile accident.

Mrs. Charles L. Mase, 29, of 4205 Route avenue, and her children were visiting her mother, Mrs. Marie Cunniff, of the 2000 block of Missouri avenue.

As she and her children were about to leave, Ricky Mase, 18 months, received the handbrake of the auto, it began to roll down the sloping driveway.

Mrs. Mase, her brother Dale and two children were injured.

City Budget Will Be Unveiled Tonight

Tentative Figures Set; Council Hopes To Stay Within \$1,800,000

Granite City's 1962-63 budget will be unveiled at a special meeting of the city council this evening at 7:30.

Details of the new appropriation have not been disclosed, and it has not yet been determined if city employees are to be given pay boosts this year.

Earlier this year, the council expressed its hope to keep the new budget within last year's \$1,800,642, which was \$342,200 over the previous year.

The new budget will include \$23,200 for the purchase of a new 1000-gallon fire pump truck, which was purchased last week; and the council also has discussed a renovation project for the first floor lobby of the city hall building to give more space to the police department and setting up a repair section in the city garage to service and maintain city vehicles.

The budget for 1961-62 contained \$81,500 for special projects that were not undertaken last year.

The new budget for the new city garage; \$13,500 to resurface 27th street from Benton to State street; \$12,000 for improving the 3000 block of Iowa street; and \$8000 to install curbs along three blocks of Ridgeland avenue.

Savings Proposed

Also, it has been proposed by Alderman Donald Paxton that the council abolish the \$30,000 annual salary of each of the 16 aldermen to reduce expenses. Because of costly, through tax anticipation warrants, \$200,000 in savings were anticipated.

Because of the sewer repair work in the Nameoki area and also the trunk line along East 20th street, the city's expenditures during the past fiscal year, which ended April 30, topped the \$1,800,000 mark.

Proprietors to develop a New Haven Manor subdivision close to and across from Maryville grade school. Homes will be of brick construction, starting at about \$14,000.

Construction on two homes in the subdivision has started.

Weather permitting, the corporation hopes to complete one display home about Aug. 1, Roney said.

Also associated with the enterprise are Poston Building Supply and the Colonial Inn restaurant at 3710 Poston road. The restaurant opens today and grand opening celebrations for the store and restaurant are planned for about July 15.

Undergo Surgery

The following underwent surgery at St. Elizabeth Hospital Thursday: Mary Grue, 2900, Dogwood drive; Genevieve Heinrich, 2437 Holmes avenue; Johnnie Clemens, 2511 Grand avenue; and Iline Gilliam, 1731 Rhodes street, Madison.

Granite City council members will be asked to reconsider the type of lift stations to be installed in the \$159,251 Nameoki sanitary sewer repair project along Aubrey and St. Clair avenues, Mayor Davis told the Press-Telegram Friday afternoon.

"The mayor said he has instructed the engineering department to secure prices on all types of lift stations that might be used in the installation and submit them to the council, probably the July 16 meeting."

Several aldermen were critical of the bid specifications which called for a Palsit pump costing \$11,400, when a \$6400 pump of the same make as those already in the sewer system is available. At last week's council session, when the contract was

adequate to handle sanitary sewer flow, but it fails to cope with "W" in it. When we drive over a rain of less than two inches, the wheels go through it, and we carry it into our curbs and garages."

"And, of course, when it completely dries, the wind blows it around the neighborhood. We breathe it. It gets on our clothing, our faces, our hands. This is not a healthy condition."

When the city's present system is overloaded and the sewage is not able to pump sewage in the lines and as a result, overflows into the streets, the city will have to be disconnected from the present sewer system and connected onto the new city's new sewage treatment plant.

With the two-pipe system, the city's new sewage treatment plant to comply with the state Sanitary Water Board order for pollution abatement. The storm sewer flow will not require treatment and will bypass the treatment plant.

Cann, 30, and Mrs. Cann, 31, tried to hold back the vehicle and were dragged.

Mrs. Cann, who was about to enter the car with Jeffery, five months old, first tried to jump in to stop it. The baby was thrown to the ground and suffered scratches. Mrs. Cann suffered injuries to both legs when dragged. Sutures were required to close a cut on one leg.

Curtis Mase, 3, who was in the auto, suffered scratches on his arm from a cat he was wearing due to a previous injury.

Mrs. Cann was treated for minor abrasions. Dale Cann was not injured.

Mrs. Mase said a teenage youth came out of a garage near door and stopped the car. She believes he also took the baby out.

"I don't know how to thank him," she said. "We didn't get his name."

Interstate 30 Injuries

Mrs. Lucille Klug, 52, of 4120 Breckenridge lane, one of three persons hurt in a two-car crash at 4 p.m. Saturday, was admitted to St. Elizabeth Hospital for treatment. The accident occurred on Interstate Route 70 and 53 about 300 yards north of Route 67A.

Mrs. Klug suffered pulled muscles in the neck and left arm. X-rays showed no fractures.

William D. Stack, 49, Maryland Heights, 49, was thrown against the windshield of the other car and suffered facial lacerations requiring 14 sutures.

His son, Billy Stack, eight, was treated at the local hospital for contusions to the nose and upper lip.

Mrs. Klug's husband, George A. Klug, 61, of the Breckenridge address, escaped injury, as did the other motorist, Charles H. McGill, 33, Maryland Heights.

Mrs. McGill's car was towed away.

"I was driving along steadily at 30 miles an hour when the other car struck us from the rear and damaged the rear and damaged the rear and frame of our auto," Klug told the Press-Record. Both vehicles had been traveling west on the interstate highway. State police charged McGill with following too closely.

2 Youngsters Hurt

Two young youngsters were injured Friday in similar but separate accidents in which they were thrown against the windshield of an auto which was stopped suddenly to avoid hitting children playing in street.

John Harmon, three-year-old son of Mr. and Mrs. Roy Harmon, 31 Briarcliff, required several stitches to close a scalp cut suffered Friday evening in a mishap occurring on Briarcliff.

His mother was driving the auto. She said she had stopped for children in the street and was starting the car again when one of the youngsters suddenly started in front of her car. In slamming on the brakes, her son flew against the windshield. The impact cracked the glass. The boy also suffered bruises to his chest and arms.

Little Deborah Elkins, 20-month-old daughter of Mr. and Mrs. Wallace Elkins, 142 Sheridan street, was riding with her father in the 1700 block of Madison avenue Friday afternoon when he had to stop suddenly for children in the street. She also flew against the windshield and was taken to the hospital for examination and X-rays.

Mrs. Lux Injured

Mrs. Gerald (Lux) Lux, 38, of 2576 East 27th street suffered a swollen right foot and ankle as a result of an auto collision at 11:30 a.m. Saturday at 26th and Madison avenue. In street and Madison avenue, she was struck by the rear of a car. The crash caused damage to the front of the Lux car and the rear of the auto of Rose Butchko, 35, Cretz. Both were headed north on Madison avenue, and Butchko stopped at the intersection, mistaking a school stop sign post for a regular stop marker.

Auto Hits Tree

In good condition at St. Elizabeth Hospital this morning is Robert Smith, 27, of 1741 Courthouse. Smith was admitted at 9:30 a.m. Sunday with lacerations to his right forearm, a laceration wound to his chest, broken teeth and face injuries suffered in a single-car accident at 7:45 a.m. Sunday near 491 Lakeview drive. Smith's car apparently missed a curve and hit a tree, deputies said.

Strikes Parked Car

Raymond R. Ricordi, 27, of 2437 East 24th street suffered the loss of two front teeth at 4:20 a.m. Sunday when the front of his northbound car struck the left side and rear of the parked auto of Bobby Joe Smith, 1428 Madison avenue, at the 1428 Madison address.

Charged by police with careless driving, he posted his \$500 bond and was released until a hearing. A Granite City area traffic sign was torn down in collision.

DISTRIBUTION OF VENICE high school yearbooks for 1962

was conducted Thursday evening and Friday at the school. Taking part in Thursday evening's distribution were, left to right—Karen Rodgers, partially hidden by Mrs. Barbara Williams, sponsor and advisor; Diane Weber, and Gloria Pence, editor of the Venetian. The group distributed 95 copies of the yearbook.

Relief Patronage Drops In Nameoki Twp. During June

While relief patronage dropped in Nameoki township during June, an increase already is evident for this month because of the halt in federal aid to the township.

In June, the township handled 33 cases with 72 persons at a cost of \$202.84. This compares to May totals of 43 cases with 111 persons and costs of \$310.77. In June 1961, the totals were 64 cases with 263 persons and costs of \$462.5.

Local relief disbursements for the current fiscal year which began March 1 amount to \$16,514, compared to \$27,537 for the same period in 1961.

Comedies Open Program At Summer Story Hour

A Laurel and Hardy comedy and animated cartoons will be featured at the first story hour of the summer, tomorrow at 10 a.m. in the Granite City Public Library auditorium, according to Librarian Mrs. Mary Gene Kralin.

Weekly story hour sessions, open to children of kindergarten age or older, will run on Tuesdays from Aug. 28.

A typical summer program includes stories told to the children by Mrs. Kralin and a student assistant, Sandy Fox, as well as music, skits in which the children may participate, and an occasional puppet in a story hour session. A fee of the local library program for the summer is \$1.00 per child. Story hour sessions, a fee of the local library program for the summer is \$1.00 per child. State License Hearings For 6 Clubs, Taverns

(Special from Springfield)

Six Quad-City liquor licensees are among 144 ordered to appear before the Illinois Liquor Control Commission in Springfield today and Tuesday.

Hearings will be held for alleged violations of the commission's rule prohibiting possession of 5250 federal gambling stamps by a liquor licensee.

Licenses ordered to appear today are Royal Order of Moose Granite City Lodge 272, 1900a State street, and Liberty National Home, 1400 Grand avenue.

Scheduled tomorrow are Cornelia Ybarra of Washington tavern, 2001 Washington avenue; Samuel Nicholson of Sam's tavern, 821 Niedringhaus avenue; Ralph W. Miller of Ralph and Charles Steak House, 404 Fourth street; Madison; and Joseph J. Lesko of Lesko's Inn, 608 South Main street, Springfield.

Many of the 144 taverns were cited earlier in the year for holding the stamps as pinball machines. Upon notified of the violations, some of the licensees voluntarily turned their gambling stamps in. They still are required to attend the hearings, however.

It is learned that the state commission plans to continue enforcing the rule despite a court ruling which invalidated it in one instance.

Installation Held By Local Jaycee, Jaycette Groups

Granite City Jaycees and Jaycettes held their installation Saturday evening at Sunset Hotel Country Club. Groups of officers elected by the members were installed and several awards were presented.

Speaker at the meeting was Edwin Patterson, Springfield, Illinois Junior Chamber of Commerce Sunday school director. He is also a past president of the organization.

Master of ceremonies Earl Barnes received a plaque and pin awarded to Jaycees upon reaching their 10th anniversary.

New Jaycee officers are: president, Barnes; first vice-president, Donald Juergensen; treasurer, Earl Dotzauer; secretary, Robert W. Young; and public director, Faye Krause; publicity director, Dolores Draper; and social director, Marcella Barnes.

Relief Caseload Down To 77 In Venice Township

The number of families on relief in Venice township showed a further drop to 77 in June. A monthly report showed today. Individuals aided totaled 122.

The figures compare with 85 cases and 146 people assisted in May, 90 and 177 in April, 103 and 223 in March, 101 and 223 in February and 122 and 240 in January.

Chicago Burglar Claims To Be Madison Resident

Chicago police are investigating a weekend burglary attempt by a man who said he was Donald Garrett of Madison. He was overpowered by several members of the family whose home he entered.

Madison police had received no word today from Chicago concerning the case but said they will file show arrests for suspicion of burglary involving a Donald Garrett, 28, who lived at 401 Second street in 1961.

Charged With Proving

Michael H. Watson Street, Eagle Park Acres, was arrested by Venice police at 1:15 p.m. Sunday for proving the 1200 block of Market street. He is still in custody.

Wage Talks Tomorrow

By Union, Restaurants

Representatives of local restaurants and the Cooks & Waitresses Union will meet at 7 p.m. tomorrow at the Labor Temple to negotiate an agreement covering wages and other work provisions.

Mrs. Helen Peters, business agent, said the meeting will be the first since a possible strike was approved by the cooks and waitresses at a meeting last week.

The union is asking a five-cent hourly wage increase under a wage opening clause in the current two-year contract, which will expire next June 1. They earlier had sought a 10-cent increase.

Mrs. Peters said the union represents about 200 cooks and waitresses employed in an estimated 45 local restaurants.

Virgil Simpson is head of the Restaurant Owners Association of the Associated Retailers.

Sign Contracts For \$38,000 Addition To Venice Library

Work will begin this year on an addition at the rear of the Venice public library, Library Board President Frank DeWitt announced after the signing of contracts Friday night by himself and Mayor John F. Lee.

The library board has decided to proceed with the general construction work on a \$32,500 negotiated contract with Herman Kaimann, Collinsville, who agreed to start the project this year and finish it in 1963, when the remainder of the funds will be available, DeWitt said.

Also approved was a \$5848 heating and air conditioning contract with J. E. Gram Co., East St. Louis, heating and air ducts will be installed during 1962 for \$3963, with air conditioning added next year for \$1885.

The gram prices are exactly the same as those received from this firm during competitive bidding two years ago, when all bids were rejected and the work was deferred due to the bid totals exceeding advance estimates, DeWitt said. General bids which did not include participation in Kaimann, were at the \$37,000 level, which would have resulted in the overall cost exceeding \$40,000, he added.

Meeting Room For Groups

The 20x60-foot addition will be of brick construction exactly matching the library building. It will include a 27x60-foot multi-use room which will serve as an auditorium, community center and meeting room for various organizations which request its use.

Also in the addition will be two public restrooms, storage space and a hallway.

The project will include cutting through an existing wall to substantially expand the book-shelf area of the existing main library room. DeWitt noted that the library is outgrowing its present facilities and is in need of more storage room.

Funds Being Allocated

The alternates and addition were designed by Otto H. Schwab, St. Louis architect.

The improvement has been under consideration for several years. The library board, which has been allocating funds toward the cost but does not yet have enough on hand to complete the work this year.

DeWitt said Kaimann plans to start the construction "as soon as possible." A specific date has not been set.

ALMOST COMPLETE is this brick veneer home with small encircling porch along Clark avenue. The return of favorable weather has brought renewed activity by local builders, with numerous new homes under construction throughout the Quad-Cities.

4-Unit Apartment To Be Erected At 22nd And Iowa

A four-unit apartment to be built at a cost of \$26,000 at 2201 Iowa street was the largest of 11 construction permits issued last week in Granite City. The total value of the new construction was set at \$31,550.

The brick veneer apartment with four rooms and bath in each of the four units is to be erected by Arthur McGee and Sons.

Other permits issued by City Building Inspector Earl McQuinn and City Clerk A. McQuinn, included seven for home improvement projects, costing \$4700; two for garage and carport to cost \$550 and one for a commercial improvement to cost \$300.

Largest of the home improvement permits went to Owen Humphrey, who will install siding at 3127 Cleveland blvd. at a cost of \$1350. Jack Hamblitt obtained a \$1050 permit to remodel a porch and road at 2213-15 Missouri avenue.

Other improvement projects will be carried out by Roy Arthur, \$550 for general repairs and a garage at 2881 East 24th street; Roger Reese, \$500 to enclose a porch and patio at Blaircliff; Boyd McCombs, \$200 to screen a porch at 2504 Center street; Anthony Vlaske, \$300 to extend eaves at 2102 Lee avenue; and Marvin Wessell, \$150 for a 9x12-foot patio at 1840 Bremen avenue.

The commercial permit went to Morelock Decorating Co., 2700 Madison avenue, \$300 for a new entrance door.

John Vulin obtained a \$250 permit for a carport at 2308 N. Maple road; and Louis Vizer was issued a \$300 permit for raising a garage at 1625 Olive street.

A permit for razing a building and sheds at 1412 Edwardsville road was secured by Vasil Harpoff, who said the cost would be \$500.

Continue Negotiations On Drivers' Contract

With a strike deadline set for July 16, representatives of local furniture stores and Teamsters Local 525 said today they expect further meetings this week to negotiate a new contract.

The Teamsters represent about 18 delivery trucks, drivers and helpers employed at seven local stores, members of the Associated Retailers and Civic Association.

A new pact is sought to replace a two-year contract which expired May 1. The union and store representatives held separate meetings Thursday night to discuss a new agreement.

Alvin T. Barnes Jr., associated Retailers executive director, said he expects action on the proposal soon. He said no specific time for further meetings has been set.

Rookies Win Twice In-Eminence, Mo.

The Local 16 Rookies swept an exhibition baseball double-header at Eminence, Mo., Saturday, stopping the Missouri club by 12-2 and 6-1 scores.

The Rookies bunched their 13 hits in the first game, including a home run by Bob Karendoff, triple by Frankie Boni, and a home run by Marty LeVright, to back up the two-hit pitching of Terry Kofaj. The game was only five innings.

The second contest was called at the end of five innings also after the Rookies had bunched across at least one tally in each frame. Glen Hoffman was the winning pitcher, blanking Eminence on two hits after the Missourians had scored an unearned run in the first.

\$750,000 Lawsuit Filed By Musso

A \$750,000 injury accident lawsuit has been filed in city court here by Madison County Sheriff George Musso, who was critically injured in a May 17 auto accident near Edwardsville and is still hospitalized.

Named as defendants in the suit are Donald Harris of Springfield, Ill., and the Sinclair Oil Co. of Hartford, by which Mr. Harris is employed.

Musso was a passenger in an auto operated by William Duckler of East Alton which was involved in a head-on crash with an auto driven by Harris.

A patient in Barnes Hospital, the accident, Sheriff Musso has undergone several operations for crash injuries, which include fractures of both legs, a broken hip and pelvic injuries.

Largest of the five-page, two-count suit, Musso alleges that Harris was careless and negligent in operating his vehicle, and that as a result the sheriff, who is 52 and a former professional football player, suffered severe and permanent physical injuries.

Venice Meeting Friday On Bids, Yearly Budget

Bids for improvement of the 1300 blocks of Robin and Oriole streets were called for by the Venice city council during its meeting Friday night at the city hall. The deadline established was 2 p.m. Friday, July 20.

Earth excavation, combination concrete curb and gutters, drainage structures, gravel or crushed stone base course type "A" and Class A Subbase A-3 surface course are planned along with incidental construction.

With bids to be opened Thursday on maintenance of arterial streets in Venice, the council decided to act on them at a special meeting at 7:30 p.m. Friday, July 13.

Also to be considered at the council session are adoption of the 1962-63 city budget and a yearly inspection report on the city-owned McKinley Bridge.

Plans and bid forms for the Robin-Oriole project are available at the city of St. Charles, Merced, Selb, Sixth, Second, Third, Hampden, Calhoun, Robin, Kerr, Weaver, Granville, College, Brown, McKinley, Seventh, Douglas, Bassell, Oriole, Jefferson, Ashbrook, Abbott, Weber and Washington.

McIntire Infant Dies Yesterday At Hospital

Earl Clifton McIntire Jr., three-day-old son of Mr. and Mrs. Earl C. McIntire sr., 2141 Sunday street, died at 10:45 a.m. Sunday at the St. Louis Children's Hospital.

Earl since being born at St. Elizabeth Hospital, an infant was taken to the St. Louis hospital two days before his death.

Survivors besides his parents are three brothers, David Wayne McIntire, William Thomas McIntire and Richard Lynn Biggs, all of Granite City; a sister, Barbara Ann Biggs of Granite City; and his grandparents, Mr. and Mrs. V. E. McIntire of Madison and Mr. and Mrs. Everett Taylor of Mount Vernon, Mo.

Services were held this afternoon at a Madison funeral home, with burial in St. John's Cemetery, a collection was given in the obituary column.

Pickets Continue, Collectors Buy Illinois Licenses

Teamsters Local 525 continued its informational picket line today at city hall in protest over the granting of a \$147,500-a-year contract to United Disposal Corp. of St. Louis for hauling garbage and trash.

The picket line was started July 1 by former employees of the city sanitation department who lost their jobs as a result of the switch to private collection.

The homes of Mayor Davis and several aldermen also are being picketed. Homes of those who did not support the private contract are not being picketed.

Arthur Crouch, assistant business agent, said today an appeal is being prepared for the state supreme court. He said he had knowledge of 47 complaints from residents during the first week of operation under the private contract.

Yust of United Disposal said most of the calls were inquiries, not complaints. He said some had had garbage picked up for two and three weeks.

Yust said collections should be in good shape this week. Last week, the Fourth of July holiday caused some delay, he said, adding that the city would not operate here merely by being granted permission.

Two Drivers Arrested

After they began operations, however, two of his trucks were ticketed for having no Illinois plates. The misunderstanding was explained and the company was not prosecuted, however.

He said the matter was cleared up and all his trucks now carry Illinois license plates.

His drivers also carry Illinois chauffeurs' licenses, he said.

\$15,000 Damage Suit Filed Against City

A \$15,000 damage suit against the city of Granite City was filed in circuit court at Edwardsville today by Georgiana Tellor, 2152 Adams street, as a result of a sidewalk fall.

The plaintiff states in the petition she received severe and permanent injuries to her face, head and body when she fell on a raised portion of sidewalk on the corner of the 2000 block of Delmar avenue.

The suit was filed by Morris Chapman, attorney.

In another action at the office of Circuit Clerk Willard Portell, an old suit by Harry Johnson of St. Louis against the city of Granite City and B. E. Hohl, Ill., was re-activated.

Portell said the case was dismissed by the court earlier, but in motion to re-activate was allowed. He said the non-jury trial will be set in the near future.

Johnson told the Press-Record he seeks \$522,000 damages in the case, which involves property rights at 2250 Iowa street.

All Illinois State Police Districts To Be Probed

Illinois Public Safety Director Joseph E. Egan has ordered an investigation of all state police districts after troopers were suspended last week for taking gratuities in the Chicago area for overlooking overloaded trucks. There are 15 districts in the state.

Egan said investigators have no evidence of irregularities in any other area.

Civilian weight inspectors have been fired for their part in the scheme.

Marion Fogle Stricken Suddenly At Home, Dies

Thomas Marion Fogle, 1964 Fourth Street, Madison, was stricken fatally while walking in his yard at 6:30 p.m. Saturday. Taken by ambulance to St. Elizabeth Hospital, he was pronounced dead upon arrival there. Mr. Fogle, who was 68 years old, retired three years ago due to illness. He had been under medical care for a heart ailment. Last employed for a 14-year period as a clerk on the Chain of Rocks Bridge, operated by the city of Madison, he previously worked for a local grocery.

Quad-City Birthrate Down For First Half Of Year

The first six months of 1962 showed 49 fewer births than the same period in 1961, while the number of deaths declined only slightly, according to area vital statistics compiled by Granite City Clerk A. L. Stevens.

The 575 births through June 30, compared with 624 for a similar period last year, while there were 203 deaths in the first six months of 1962 compared with 207 in 1961. Stillbirths so far this year total 14 while last year showed 10.

Statistics for June last year showed 96 births, two stillbirths and 24 deaths in comparison with 91

births, one stillbirth and 36 deaths in June 1961.

July is the traditional peak month for births in the Quad-City area. According to past records they will drop off slightly in August, September and October and climb to the second highest peak in November, followed by an abrupt drop in births during the year's closing month, December.

A breakdown of the 1962 statistics to date follows, listing birth stillbirths and deaths in that order: January 106, 4, 40; February 86, 3, 28; March 102, 2, 38; April 81, 1, 35; May 104, 2, 38; June 96, 2, 24.

Appeals Block 25 Potential County Driver Suspensions

Twenty-five motorists are being allowed to continue driving pending disposition of 30 traffic violation conviction appeals on file in the Madison county circuit court, Secretary of State Charles F. Carpenter said Friday.

The appeals are on cases dating back to July 18, 1960. Fourteen are appeals from convictions in the court of Police Magistrate Fred J. Schreiber, six from Justice of the Peace George M. Berry and one each from a number of other justices and police magistrate courts in the county.

The figures do not reflect the total number of traffic conviction appeals—only those upon disposition of which license revocations or suspensions hinge.

Many of the appeals were filed by persons charged with violations who appear in police or justice court, enter pleas of guilty, and then file appeals to postpone or prevent suspension of their driver licenses, it was related.

Of the 30 appeals on file in the office of the secretary of state, 16 are from convictions on charges of driving while intoxicated—conviction on which brings automatic revocation of driving privileges for at least one year. By filing an appeal on such a conviction, the motorist is permitted to continue to drive until the case is completed in the court to which the case has been appealed.

Of the other 14 cases with appeals on file, four each are on running stop signs or traffic signal convictions, and two are on charges of leaving the scene of an accident. Majority of the appeals were taken to county court.

A driver is permitted two traffic violation convictions within any 12-month period before receiving a license suspension. "Driving while intoxicated" conviction brings a license suspension for at least one year.

President Robert Maize was in charge. Activities within the park district were described by Harold Brown, superintendent of parks and recreation, who was accompanied by Peter Robinson, assistant to the superintendent.

Guests at the meeting were Mike Milliken of Alton, Optimist lieutenant governor for Zone F; Jim Patche, past-president of the Alton Optimists; Gene Barnett, current president; and Jack Reed, past lieutenant governor of Optimist Zone F. Milliken invited members of the Daybreak club to a boating party in Alton on July 17.

Maize and other Daybreak officers will attend a district board meeting in Springfield July 14 and 15.

Bi-State Agency Sells Bond Issue For Arch Train

Bi-State Development Agency commissioners completed setting Friday afternoon on a proposed \$3,300,000 bond issue to finance the construction of a western capsule train in the Gateway Arch at Jefferson National Expansion Memorial on the St. Louis waterfront.

There will be a train in each of the two legs of the arch. Each train will carry eight capsules holding five persons each. The trains will provide the means of transportation to the top of the arch.

The bond counsel for the agency, Charles N. Trautman, presented a 30-page "maximum" proposal for the construction of the transportation facility. It was approved unanimously by the commissioners.

The \$3,300,000 revenue bond issue will be repaid from charges paid by riders of the train.

The proposal of John Norton & Co. of Chicago, Sufel, Neumann & Co. of St. Louis, and a group of other smaller investors.

ment houses to market the bonds was accepted unanimously.

The 30-year bonds were sold to the group at 5 1/2 per cent interest.

Mrs. Eisenmyer Dies In Florida

Mrs. Mamie Eisenmyer, former head of the Granite City post office for eight in the 1920s, passed away at the age of 84 Thursday afternoon in Miami, Fla.

A former resident of Kansas who moved to Granite City from East St. Louis in 1902, Mrs. Eisenmyer remained here until October 1945, when she began residing with her son, Arthur W. Eisenmyer Jr., in Miami. Since his death about 1950, she had lived with a granddaughter, Mrs. W. A. Cooper, 9825 Southwest 53rd court, Miami.

Active in civic life here for many years, Mrs. Eisenmyer served as president of the Ladies' Cotillion in 1904 and again in 1907, and was president of the Bay View Reading club in 1911 and 1913.

She served as vice-president of the Business and Professional Women's club on several occasions, and was a member of Niederrhine Methodist Church and various church groups.

Born on March 25, 1868, Mrs. Eisenmyer was regarded as one of this community's pioneer builders.

She leaves no local survivors, but a niece, Mrs. E. B. Smith, resides at No. 1 Windsor drive, Belleville. In addition to Mrs. Cooper, there is another granddaughter, Mrs. Robert E. Smith, Miami, and five great-grandchildren.

Funeral services were held Saturday in Coral Gables, Fla., with burial following in Miami.

Former GC Carpenter Now A Millionaire In Puerto Rico

W. Clay Jackson, a former Granite City resident now living in Puerto Rico and his wife, Hilda, and daughter, Sandy, were Granite City visitors last week at the home of Mrs. Jackson's mother, Mrs. Martin Polette, 2615 East 25th street. They left here Friday.

The story of Jackson's life since he left Granite City in 1942 to enter the United States Navy is one of a man who began his adult life as a carpenter in Local 638 and — by his own words — through "being in the right place at the right time, and hard work" is now a self-made multi-millionaire.

Mr. and Mrs. Jackson settled in Los Angeles, Calif., after his discharge from the Navy in 1945, and began working for a construction company during the post-war boom of the late '40s. In 1948, he started his own construction company in California and by 1951 was able to take a well-earned vacation in San Juan, Puerto Rico, to visit a friend. He decided that Puerto Rico had a bright future and he wanted to live there.

Mr. Jackson convinced his wife that they should sell their booming business in California and start anew in the commonwealth of Puerto Rico. This happened in the fall of 1951, and the spring of 1952 saw the family in its new environment.

Busy Decade
That it was the biggest move of their life is now seen in the advances made by the couple in the last ten years.

On Dec. 28, 1961, the San Juan Star newspaper ran an eight-page special supplement magazine on the projects of W. Clay Jackson Enterprises, including a two-page pictorial on planned waterfront development project to be known as Vistamar Marina.

It will include a shopping area, multi-purpose sports area, yacht club, 200 waterfront lots, docking area even at low tide, and all public utilities underground, a public marina, waterways and inland channels 80 feet wide and

30 feet deep, all to be built to 1970 requirements with financing provided.

Jackson recalls that on the first two days of this year, over two million dollars worth of this property was sold, mainly to Puerto Ricans. It will be a \$100,000 project, and Jackson estimates that it will take approximately ten years to complete, at the rate of about ten million dollars yearly.

Many companies and subsidiaries form the W. Clay Jackson Enterprises, and more than 400 people are employed by these companies all accomplished in the span of a decade.

Life More Informal
Life in Puerto Rico is similar to life in the United States, according to Mrs. Jackson, the former Miss Hilda Polette. But it is possibly a little more informal, she comments. There are large shops in San Juan, like any cosmopolitan city, with many imports from all over the world. Prices are generally the same as in the U. S., but the difference is — no sales tax.

Mrs. Jackson reported that the same clubs and organizations which are common to Granite City exist in San Juan, including various charity drives, but entertaining is done on a larger and different scale. Nearly every home has a large outside patio or terrace where most of the family entertaining is done.

Ideal Climate
Since there are no flies, few mosquitoes, no snakes and no poisonous insects, much of the family life takes place outdoors, where the temperature varies only five degrees in a day between summer and winter, with the hottest days never exceeding 85 and the coldest 55. The size of the island and the climate make for more entertaining and on an informal level, as explains.

Sandy, the Jackson's 14-year-old daughter, attends the local schools, where English is taught as a subject in the lower grades and the language of the island, Spanish, is taught as the major language. As the children progress into the upper grades more subjects are taught in English. The Jackson family is in the United States on a six-week visit which will include a trip to Seattle to attend the World's Fair and an extensive tour of the Southwest for the benefit of the latter part of this month before returning to their adopted city of San Juan.

Last week Mr. and Mrs. Jackson celebrated their twenty-fifth wedding anniversary with a quiet dinner party in St. Louis. The family spent the Fourth of July visiting friends and relatives including Mrs. Al W. Kramer, a nurse who is recuperating in St. Elizabeth Hospital from a recent illness, and Mrs. Joe Polette, another aunt of Jackson.

Leave For Fair
Mrs. Polette accompanied the family, which left Friday with their first five grand children, when they return here the latter part of this month before returning to their adopted city of San Juan.

San Juan, a commonwealth, is formerly a United States possession and lies in the tropics nearly 1000 miles from Key West, Fla. It is one of the most densely settled areas of the world, surpassing Japan, with over two and a half million people living in an area 100 miles long and two and one-half miles wide.

Its principal export is sugarcane and it is one of the great consumers of American foodstuffs and manufactured goods. The city of San Juan is slightly larger than St. Louis, with over a million population.

UNEXPECTED DROP — This large tractor loaded with tons of ice dropped a wheel through a long-unused gasoline tank in the yard of City Products, Madison avenue and 16th street Thursday afternoon. The truck had just taken the load and was turning to leave the yard. The crew here is attempting to jack the rear end of the trailer. It was many hours before the truck was extricated.

Levee District Accepts 2 Newly-Completed Projects

Project acceptance and final payment for a 24-inch storm water sewer installation on Miracle avenue in Nameoki township and for a similar installation in Madison and Venice were voted Thursday night by members of the East Side Levee and Sanitary District board.

Trustees also noted the completion of a 2400-volt sub-station at the district's south pumping station, and transferred the substation to the Illinois Power Co. for maintenance.

An ordinance calling for plans and specifications for sludgegate replacement at the south pumping station on Harding ditch near Cahokia was approved. No bid was included in the ordinance.

The levee district approved participation in a bridge replacement project at Harding ditch where Forest blvd. crosses the ditch near Caseyville. The district and St. Clair county each will pay 25% of the bridge replacement costs, while the state will pay for 50% of the work under a previously adopted agreement.

No Easements
Asked by Frank Vesel, Granite City Eighth Ward alderman, if the levee district could alleviate flooding conditions at Vesel and Lynch avenues, where "the water is two feet deep now," levee district Chief Engineer A. W. Kramer said the district has no easements or right-of-way in the area in question.

Trustees accepted petitions containing the signatures of 456 residents of State Park Place requesting the levee district to take over maintenance of the

Canteen drainage channel from the Canteen drainage district where flooding of yards and homes occurs after hard rains. The petitions were referred to the district's legal committee.

Agreement Stalemate
An agreement with Union Electric Co. of St. Louis, calling for the levee district to be responsible for all costs moving 12 installations from an area near the company's Venice power plant due to the pending construction of a sea wall by the Corps of Engineers, remained unsigned after last night's meeting.

John Hoban, former levee district attorney who is still representing the district in this matter, said the work cost figure in the agreement "has jumped from \$57,000 to \$82,000 in a year's time, and there is no insurance that it won't go even higher." A clause in the agreement gives Hoban the right to sue the levee district for completion of relocation of the facilities, to be done by U.S. employees, and states that additional costs above the \$82,000 figure would be borne by the levee district.

Hoban advised against entering into the agreement in its present form, and was asked to contact representatives of the East St. Louis Chamber of Commerce in an effort to negotiate the agreement.

The levee trustees, only three of whom were present, did not take any action on the Cahokia outlet portion of a pollution abatement system, where plans have been approved and a \$500,000 revenue bond issue is pending.

2 More Accused Of Robbing GI Waive Hearings

Two more youths waived preliminary hearings Thursday in Edwardsville police magistrate court and were bound over to the next session of the grand jury. They are suspected of being members of the gang of five youths who robbed a Granite City Engineer Depot soldier of \$80 Sunday, July 1, after threatening him with a shotgun, a pistol and a knife.

The two are Predester Aaron, 18, of 46 Lee Wright Homes, and Johnnie Burt, 20, of 805 Jackson street. Police Magistrate William Traband set \$5000 property bonds for each.

Ronald Allen Brown, 20, of 903 Blaisell street, waived a preliminary hearing last Monday and was bound over to the grand jury with similar bail set. It is alleged the five youths met Pvt. John Jackson, 20, in the Village Tavern and that they left the establishment about 6 p.m. Jackson said they robbed him along Bend road, near Highway 67. He was left on the road and walked two miles to call the sheriff's office. He identified one of the youths from a photo in Venice police files.

Two other youths are being sought by the sheriff's office. Meanwhile, according to county liquor commissioner Gus Haller, there will be a show cause hearing within the next two weeks concerning possible revocation of the tavern license where it is alleged the youths had been drinking. The establishment is being cited for violation of closing hours and selling

Article On Fire Being Sent To TV Network

Copies of an article appearing in last Thursday's issue of the Press-Record are being sent to a television network by Deputy Fire Marshal Marvin Tedder. The article told how a group of boys, 9 to 11 years old, patterned a club after a television show in which a barn was destroyed by fire. The local boys caused \$100 to \$200,000 damage to a house under construction on Terlingua lane about two weeks ago.

Tedder told the Press-Record he plans to inform the network of the role a recent program had in causing considerable damage here, and he also is advising the National Board of Fire Underwriters and the state fire marshal's office.

Something has to be done about this," Tedder remarked. "We've had two fires which caused much damage set by youngsters in a period of a week here in Granite City, and I've had several others in my area in recent months including one in a nearby city in which a small youngster set fire to his own home twice and caused a great amount of damage."

Tedder said the gang of boys that set fire to the house has been turned over to local juvenile authorities, while an older youth who set fire to an apartment has been referred to county juvenile authorities.

Driver Faces Charge

Richard J. Maltz, 17, of 3424 Lydia lane, was issued an arrest ticket Thursday afternoon for failing to yield right-of-way. He was involved in a collision at Leonard and Barnum avenues with an auto driven by Robert D. Cross, 25, of 4117 Rode avenue, police said.

County Building Totals \$1,054,000 In June

A total of 83 building permits with a value of \$1,054,000 was issued in Madison county during June, it was reported last week-end at Edwardsville.

A breakdown showed there were 64 permits issued for homes valued at \$943,000; 13 issued for additions valued at \$20,000 and six for commercial establishments valued at \$19,000.

Auto-Truck Collision

Tunk Bakken, 35, of 2668 Washington avenue, told police his brakes failed at Park avenue and 20th street, where he was involved in a collision Thursday with a tractor-trailer truck driven by William Burns, of Belleville.

MR. AND MRS. DANIEL T. McGEE. Their wedding took place Saturday morning at St. Mark's Roman Catholic Church in Venice. The bride is the former Carol Mangi, a daughter of Mr. and Mrs. Tony Mangi, 1241 Robin street, Venice.

Miss Mangi, Daniel T. McGEE Wed At St. Mark's Saturday

St. Mark's Catholic Church in Venice was the setting Saturday morning for the wedding at 10 o'clock of Miss Carol Elaine Mangi, a daughter of Mr. and Mrs. Tony Mangi, 1241 Robin street, Venice, and Daniel T. McGEE, whose parents are Mr. and Mrs. Tom McGEE, 701 Broadway.

Mrs. Francis Judd at the organ accompanied her husband as he sang "On This Day," "Our Father" and "Ave Maria."

Rev. Robert McCarthy performed the double-ring ceremony assisted by the servers, Larry Mangi and Bob Shambro. A wedding breakfast followed at the Spotlight Restaurant in East St. Louis.

Miss Patricia Shambro was her cousin's maid of honor, and the bridesmaids included Miss Joyce Mangi, the bride's sister, Miss Barbara Kutera, Miss Jeanette Cicci, a cousin, Miss Mary Ann Rzykewicz, and Miss Charmaine Jenkins. All wore sheath gowns of white tulle with sequins and beaded necklaces accented with flat bows at the shoulders and cap sleeves. Bouffant petticoats were adorned with fabric bows at the waistlines in the front of the tight bodices.

Headpieces were made of Venetian lace and sequins and all carried bouquets of bright pink camellias and seafoam statice.

Paul Morris was best man, and the corps of groomsmen and ushers was made up of Robert Harp, Pam Ziegler, Donald Davinoy, Jim Foley, Larry Hartman, Tom McGee, a brother of the bridegroom, and Richard Benner.

The bride was lovely in a gown of white silk organza over tulle. The bodice had a scoop neckline trimmed with Venetian lace and sprinkled with pearls and sequins, and the billowing bouffant skirt of lace etched with pearls and sequins formed a chapel train made of wide panels of lace over tulle.

A Dior headpiece of orange blossoms held in place a four-tiered cloud veil of illusion and the bride's bouquet was composed of white and pink cymbidium orchids forming a cascade.

Mrs. Mangi, the bride's mother, appeared in pink lace and chiffon with matching hat and accessories, and a corsage of pink carnations, while the bridegroom's mother wore a pale blue silk shantung dress with bone

and white accessories and white carnations.

A reception for friends and relatives was held in the evening at the Veterans of Foreign Wars hall and the newlyweds departed later for a trip through the west.

White gladioli, pom poms and ferns decorated the church and the procession passed through the white-carpeted center aisle of the church, the bride escorted by her father.

The former Miss Mangi was graduated from the Venice high school and Mount Providence in Nantuxy, Mo. She is employed in St. Louis by Southwestern Bell Telephone Co. Mr. McGEE was graduated from Assumption high school in East St. Louis and is employed by the Millor Mfg. Co. in Venice.

Cynthia Hoelter Birthday Honoree

Cynthia Ann Hoelter, four, daughter of Mr. and Mrs. Larry Hoelter, 2216 Cardinal avenue, celebrated her birthday Saturday at an afternoon party given by her parents for 25 guests.

Pink streamers decorated the rooms, and favors were pink balloons. Refreshments were served and there were games, with prizes going to Barbara Leidner and Jackie Boyer.

The evening, Mr. and Mrs. Hoelter entertained with a family dinner party, and guests at the latter event included Cynthia Ann's godmother, Mrs. George Schweitzer, with Mr. Schweitzer and their children of Ferguson, Mo.

MISS BETTIE KAPLAN, fiancée of Paul T. Steinberg, a son of Mr. and Mrs. Herman Steinberg, 2229 Lynch avenue. Announcement of the engagement of the couple has just been made by the bride's parents, Mr. and Mrs. Tobias T. Kaplan of Cleveland, Miss.

Betrothal of Miss Kaplan Is Announced

Announcement is made of the engagement of Miss Bettie Kaplan, a daughter of Mr. and Mrs. Tobias T. Kaplan of Cleveland, Miss., to Paul Lawrence Steinberg, whose parents are Mr. and Mrs. Herman Steinberg, 2229 Lynch avenue.

Double-Ring Ceremony For Lallement-Kudelka Nuptials

The wedding of Miss Barbara Kudelka and Raymond Lallement took place Saturday morning at St. Elizabeth's Roman Catholic Church. The double-ring ceremony was performed at 10 o'clock by Rev. John Franklin. White summer flowers adorned the altar for the service and the wedding breakfast for the bride and groom was served at the home of the bride's parents.

The bride is a daughter of Mr. and Mrs. Emil Kudelka, 1133 Primrose avenue. Mr. Lallement's parents are Mr. and Mrs. Edward Lallement, 2314 State street.

For her wedding the former Miss Kudelka selected a two-piece dress of white schiffli cotton satin finish with a scalloped hemline. The bodice, buttoned down the back, had a scoop neckline, and a short veil completed the ensemble. The bride wore a corsage of pink and white roses and carried a white Bible and a lace handkerchief.

The newlyweds will reside in Granite City high school and received a bachelor of science degree from the University of Illinois. He is a member of the firm of the Steinberg Furniture Co.

Surprise Party For Mrs. Pippin

Mercer Wins 9-2; Cuts McAteer Lead To Half Game

PERFECT WEATHER brought out spectators in large numbers yesterday at the Sunset Hills country club pool, where AAU swimming and diving contests were held. Here on-

lookers watch diving competition for 15-17 year-old boys off the one-meter board.

Miss Cockerell, Todd Top Performers In Sunset Hill Diving

Michele Cockerell of Independence, Mo., and Doug Todd of Wilmette, Ill., paced divers with four individual first places in AAU-sanctioned events conducted yesterday at the Sunset Hill country club.

The all-day diving program consisted of 16 events for boys girls and adults, with 96 trophies going to the top six finishers in each division.

Close behind the meet's top performers was John Huffstutler of Newark, O., formerly of Granite City, who was awarded three first-place trophies.

There were 90 entries in the meet, consisting of some 40 divers. Representatives of the Sunset Hill country club who placed in the events included Barbara Schaefer, four seconds and a fifth; Terry Studebaker, a third, two fifths and two sixths; Tom Studebaker, two fifth places; Chuck Fruit, a fifth and sixth place; and Scott McBride, a fourth-place finish.

Event Winners
The events and winners: 10 and under one meter — Rinnie Downton, Indianapolis; and Sally Powers, Streator, Ill.

11-12 one meter — John Huffstutler, Newark, O.; and Mary Bennett, Urbana, Ill.

13-14 one meter — John Huffstutler, Newark, O.; and Cathy Powers, Streator, Ill.

15-17 one meter — Doug Todd, Wilmette, Ill.; and Michele Cockerell, Independence, Mo.

Senior one meter — Doug Todd, Wilmette, Ill.; and Michele Cockerell, Independence.

The Sunset Hill diving team will enter a July 21 AAU meet in Champaign.

Borcher's Bat Booms

Park Club, Beaten Twice By Adams, Rebounds To Take 2 From Merchants

Beaten twice here Saturday night by Adams Dairy of Springfield, Mo., the Granite City park district Class AA softball club rebounded to sweep both games of a Sunday night doubleheader from visiting Alton Merchants and gain a split in weekend action.

The weekend began badly for the park club under new Manager Conrad "Babe" Champion as Adams blanked the local nine behind the three-hit pitching of Gene Barry, 2-0, in a game which went nine innings.

Looked up in an 0-0 duel after eight innings, losing pitcher Howard Lamb surrendered a pinch-hitting single to pinch batter Jack Trogon in the ninth. Lamb retired the next two batters with Trogon still stranded at first, but Bill Mansury tripled to drive in Trogon and Gene Cunningham drove in the second run with a single.

The Park club was limited to one hit. Art Borchers' single in the sixth, after the first inning, Borchers had two of the park's three safe blows.

Norm Grote was touched for nine hits in the second game as he lost to Adams and Glen Bell, 4-2. Granite City scored once in the first on an error, fielder's choice and Jerry Farnley's single.

Glisson broke a scoreless tie in the second when he doubled home Champion, who had walked. Borchers and Bann both slammed double in the third as Granite City scored twice, and added two more in the following frame on Norm Dillard's single. Jenkins' two-bagger and another single by Borchers, all with two out.

The final run for the locals came in the sixth on Rich Williams' ace, sacrifice by Grote

and Dillard, and an error on the Adams infield.

Borchers, easily the week's hot hitting star for the park district, drove in two more runs in Sunday's nightcap. Winner Lamb had the club's third RBI, and four runs by the locals were earned when Adams committed five errors in a nightmarish fifth inning which saw nine park bats stroll to the plate but only two base hits. One of them was a double by Mark Borkow, the other a single by Borchers, who had 10 hits in 15 trips and drove in four runs in the four week-end games.

Bob Vinyard was the loser in Sunday's second contest, although he allowed only three hits. The Merchants committed seven miscues. Lamb pitched a four-hitter and fanned five.

With a 15-9 record after the weekend split, the Park nine will play host to the Decatur Perfect 10 window club in a doubleheader at Wilson Park Saturday, with the first game to begin at 7:30 p.m.

Moss Reaches Net Doubles Finals
At Flora Tourney

Granite City's Dave Moss, paired with Wilson Burge of Danville, advanced to the doubles finals of the Flora, Ill. open tennis tourney yesterday before the pair was eliminated by Cecil and Bob Powless, 0-6, 6-3.

Moss made it as far as the men's singles semifinals, downing Cecil Powless of Flora 6-3, 6-2 in the first round. Burge Moss' doubles partner later eliminated Dave in the semifinals, 6-3, 6-2.

The local player, an instructor in the park summer tennis program who will be a sophomore at Tulane University in September, is expected to join Rusty Tolson, Drew Hanks, Jeff and Dave Helman as local representatives in the Bloomington-Normal tennis tourney July 12-15.

Four Games This Week For Mitchell Squads

Four games are on tap this week in the Mitchell Community Sports boys' baseball program. All will begin at 5:30 p.m.

On Tuesday, the Cubs, 13-6 winners over the Cards in the only contest played last week will meet the Tigers. On Wednesday, the Reds will meet the Blues. The Tigers and Cards are scheduled on Thursday, and the Reds will face the Pirates on Friday afternoon.

Hearts Idled Third Straight Time By Rain; Maryville, Carpenter Win

Mercer Funeral Home banged out 12 hits at Wilson Park yesterday on its way to an important 9-2 victory over McAteer Glass in one of three Southwestern Illinois Inter-City Baseball league games played.

It was a big win for the Ollie Miller-Dick Porvill combine, as Mercer moved to within one-half game of first-place McAteer and pulled even with the Glassmen on the loss side.

Granite City Sacred Heart was idled for the third straight play-by-play date by rain. The grounds at Jones Park in East St. Louis were too wet for the scheduled Heart-Moose Lodge contest.

Also idled by wet weather were Roxana and Pachontas, which were scheduled to play in Pocatango. Maryville edged Troy 3-2, improving its record to 6-4. But the Sox still trail Sacred Heart by a few percentage points in the Red division battle for second place.

Carpenter handed Collinsville its ninth straight loss, burying the Boosters 22-4 in Collinsville. The Boosters haven't won a game since May 6.

Nitty Nitty Job
Charlie Papp, just out of high school and signed by Mercer, early shutout again until July 22, due to the all-star game scheduled next Sunday at diamond No. 1 in Jones Park, East St. Louis.

Papp appeared on the scene in the sixth inning with two out after McAteer had scored once and had the bases loaded. He got Mickey Thaxton to bounce ending the threat, and then pitched shutout baseball over the next three innings, walking one and allowing a harmless single in the ninth.

Mercer went to work early on McAteer, starting and ending George Tansley. Don Crabtree opened the game with a single, the first of four for the Mercer shortstop, and scored after walks to Rich Branding and Bob Stegmeyer and Howard Ehlstrom's sacrifice fly.

The Glassmen made it 1-1 in the third on a walk to Steve Camarghi and singles by Tansley and Irv Wood, the first hits off Bunte.

Mercer climbed back into the lead to stay with a three-run home half in the third. Stegmeyer and stolen bases by Charles Johanningmeier and Rich Branding, plus a walk to Stegmeyer, loaded the bases, and Tansley formed in a run when he walked.

Ehlstrom, Rich Ryan's error on Harold Tankley's grounder allowed a second run to score, and Stan Fincher singled to drive in Stegmeyer.

McAteer avoided further trouble by turning over the first of two double plays it managed in the game.

Daring baserunning by Crabtree led to Mercer's fifth runner in the fourth. Crabtree singled, swiped second and came across on shortstop Wood's throwing error on Stegmeyer's bunt.

Control Trouble
Bunte, sailing along with a two-hitter, ran into control

Polish Hall, Sportsman's Keep Winning

Polish Hall and Sportsman's Club scored easy victories yesterday in the Tavern slow pitch softball league in the only two games played in the eight-squad loop.

Polish Hall, in first place, dunked Junction Tavern 13-4, and Sportsman's, one game back of the leaders, stayed there with a 13-2 win over Home of the Blues.

Contests between Bowland and Green Hall at Wilson Park and Jug's Highway and Club Delmar at 12th street were not played due to wet grounds.

Winning pitcher Stan Serwatka and Dude Fiedler socked home runs for Polish Hall, which beat Jug's Highway 13-4. Serwatka and Fiedler each collected three hits for the league leaders, who stand 10-1 on the season. Junction Tavern fell to 2-5.

Sportsman's unleashed a home run barrage against the Blues, as winning pitcher George Vi-vod, Red Schmidt, Jess Ybarra and Bob Dant collected four batters.

Joe Viviano had a single, double and triple for the winners, who are 9-2. Chuck Outland added a double and triple. Sportsman's scored five times in the sixth inning.

Jim Lockhart banged a homer for the Blues, while losing pitcher Dean Allen, Bob Rains and State Collins each collected two hits in a losing cause.

DeVil Takes Tourney Consolation Trophy With 9-1 Win Over Spengler

DeVil Motors of St. Louis played five unearned runs into a 9-1 victory over Spengler Insurance of Granite City to win the consolation title in the Granite City park district's 14th annual invitational softball tournament Thursday night at Wilson Park.

The contest was a replay of a consolation final which was rained out after three innings last Tuesday evening.

Singles by Rich Muehl, Charles Stibel and Ron Reagan, coupled with five errors on the Spengler infield, led to five DeVil runs in the third inning.

DeVil had taken a 1-0 lead in the first, added another run on Reagan's homer in the fifth, and capped its scoring with a two-run sixth frame.

Homer For Only Run

Spengler's only counter came on Charles Johan nigel's bases-empty home run in the bottom of the fifth. It was Johan nigel's second four-bagger of the tournament.

Ed Boncek picked up his second pitching victory of the tournament, going the distance and striking out eight. Leo Six, who allowed one earned run in five innings, was the losing pitcher. Ken Mitchell hurled the final two frames for Spengler.

Don Crabtree of Spengler and Ed Heck of tournament champion Blue Circle Lounge of St. Louis finished in a dead heat in the race for tournament batting honors. Both had four hits in 10 official trips. Duplicate trophies will be awarded to the two players.

Camping Trip For Rookies Ball Team

The Rookies baseball team, sponsored by Local 16 and composed of 14 boys from the ages of 15-17, enjoyed a camping trip to Alley Springs State Park near Eminence, Mo., Friday through Sunday.

Horseback riding, swimming, fishing, golfing and hiking were highlights of the outing and the boys played a doubleheader Saturday evening, winning both games. A winner roast was held Saturday evening after the games, and the group slept in tents and cars. The group was serenaded at 4:30 a.m. Saturday by Marty Levault and Norman Wilfong.

Cooking was done by the adults in the party. Mr. and Mrs. Harold Reuthebach, Bill Mink, Mr. and Mrs. Howard Harris Jr., Mr. and Mrs. Edward Kotahl, Mr. and Mrs. Richard Yates, Mr. and Mrs. Robert Karandjeff and Mrs. Randy Proffitt, who attended with their families.

Venice Library Story Hour To Begin Friday

The annual story hour series will begin at 10 a.m. Friday at the Venice public library and run through Friday, Aug. 10. The fifth session will be a picnic at Lee Park, behind the library.

The story hour is open to children from kindergarten through fifth grade inclusive. Usually about 100 children attend the sessions.

Mrs. Sybil Robbs will act as story teller. She will be assisted by Richard Patterson, Jane DuBoise and Mrs. Andrews Brown.

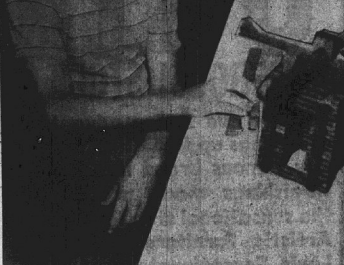

Fire Causes \$125 Damage At Kirkpatrick Homes

Granite City firemen extinguished a fire in the bedroom of the Lester Yates apartment at 6201 Kirkpatrick Homes about 2:15 a.m. Saturday. The fire was in bedding and was attributed to a lighted cigarette. The loss was estimated at \$50 to the building and \$75 to the contents.

About 8:30 Friday night there was a false alarm in the 2900 block of Oregon avenue.

Vandalism Reported

Willard Rainey, of 1801 Spruce street, reported Saturday morning that vandals had cut three tires on his auto. It was parked at 20th street and Park avenue.

FASCINATED by a log block construction toy, James Kirkpatrick, 3701 Kirkpatrick Homes enjoys a playtime session in the summer recreation program conducted by the Granite City park district. James is attending the Marshall school playground center.

Credit Union Moves Up To Tie For 2nd

A three-way tie for second place in the Classic softball league resulted Thursday night after Granite City Steel Credit Union defeated Rome & Roy's, 6-2, in a single league game played at Wilson Park.

Thursday's participants and Moose Club 272 all stand 4-2 as a result, and all trail league leader Spengler Insurance by one game.

Tomorrow night, Spengler will face off against Madison Bowling Club at 7 o'clock, and a contest between the Credit Union and Moose Club will follow at 8:15.

Credit Union bunched three of its seven hits in the second inning to score five runs Thursday. Two-run doubles by Glen Spanzale and Jerry Jackson were the big blows, and were coupled with Len Cook's single, an error by the losers, a hit batsman and a fielder's choice on which another run scored.

Winning pitcher Jack James limited Rome & Roy's to three hits. Starter and loser Jim Chidlers was touched for all six Credit Union markers before being relieved in the third by Ray Huff. Both clubs committed two errors.

The Classic league standings:

Team	W	L	Pct.
Spengler Insurance	5	1	.833
Rome & Roy's	4	2	.667
GCS Credit Union	4	2	.667
Moose Club	4	2	.667
Madison Bowling	2	4	.333
Busy Bee	1	5	.167
Graniteers	1	5	.167

State Proposes New Boat Launching Site On Cahokia Creek

A concrete boat launching facility large enough for the simultaneous launching of three private craft probably will be built later this year on Cahokia creek (Hartford canal) north of Granite City near the confluence of the Missouri and Mississippi rivers.

Plans for the launch site were revealed Thursday night at a meeting of the East Side Levee and Sanitary District by Arnold Kugler of the engineering section of the State Department of Conservation.

Kugler said the site would be built and maintained by the state, and requested that the levee district take action to effect a long-term lease on property at the site, which lies near the north boundary of the district.

Maintenance would be no problem, Kugler said, since a caretaker is on duty at the nearby Lewis and Clark state memorial, and could also assume such duties as would be necessary at the launch ramp.

An access road runs from the alternate Route 67 to the memorial, and will also be used to serve the new public launching site.

The facility itself would be constructed of concrete, enabling boats to back trailers into the water. It would be 38 feet in width, permitting launching of three boats at the same time.

Its location at the mouth of the Cahokia diversion channel, also known as the Hartford canal, would put a Mississippi river launching site within a 15-minute drive for Quad-City boats. The proposed construction site is also adjacent to Bow Line boat club property.

INSPECTING A MONKEY BRIDGE is James Swafford, Region 7 national Scouter, accompanied Thursday by area Scout officials to Cahokia Mound Council's Camp Seneca, Potomac, Mo. On the bridge are: (left to right) Gene Sternberg, council president; and Swafford. Below them are: (left to right) Rollin Hein, council commissioner; Col. John Anley, Granite City Engineer Depot commander; and Eugene Coe, area Scout executive.

Accident On Bromley
An auto driven by Floyd C. Gibson, 54, of 2026 Russell street, was involved in a collision Friday afternoon on Bromley avenue at East 23rd street. The other auto was driven by Vincent Road, police said.

Free On Property Bond
Donald Lilly, 23, of 2317 Indiana drive was released on \$100 property bond Saturday after being charged with disorderly conduct and assault in a warrant signed by Hazel Adams. A hearing was set for July.

The game of bowling was introduced in the United States by the Dutch, and gained great popularity as early as 1835.

Paddlers Swamps Lock Haven In Dual Swim Meet

Paddlers swim team swamped Lock Haven country club of Alto in a dual swimming meet at the losers' pool Thursday afternoon, scoring 36 first places in swimming and diving to pile up a 302-62 point advantage.

Leading Paddlers to its second straight Southwestern Illinois Swim Association triumph were Cooky Barker, John Evenden and Mark Dufner, each of whom scored three first places and swam on winning relay teams in addition.

On Thursday, Paddlers will tackle the Montclair swim club in a dual meeting at Belleville. On Saturday, team members will compete in the Jaycees' Junior Sports Jambores here.

Nominating Committee To Be Named By C. of C.

The monthly board of directors dinner meeting of the Tri-Cities Chamber of Commerce will be held at 8 p.m. Tuesday at the Rose Bowl restaurant, according to President Paul H. Lichtenberger.

There will be reports from the following standing committees—treasurer, membership, membership relations, industrial development, Latin American ensemble, master sewer and drainage, program, agriculture, congressional action and planning and zoning.

A five-member nominating committee will be named for the coming board of directors election.

A meeting of the Metro East Chamber of Commerce association of Madison and St. Clair counties will meet at 8 p.m. today at the Knights of Columbus building in East St. Louis. It will be a dinner meeting.

The agenda includes discussion of the metropolitan area exposition committee, the southwestern mayors' brochure, and the proposed move of the national transportation museum to East St. Louis. Three members from the local C. of C. will attend.

SW Bell Installing Seat Belts In All Vehicles

Southwestern Bell Telephone Co. will install seat belts in its 27 Quad-City vehicles, it was announced today.

The company will have seat belts in all its cars and trucks by the end of 1963. George Maize, manager said. Installations have started in automobiles operated from company motor pools and in other vehicles that are assigned to specific employees. Throughout its six-state territory, Southwestern Bell operates a fleet of 9000 vehicles.

"Belts installed in company cars and trucks will be bright red," Maize said. "This eye-catching color was selected because it will call attention to the seat belt and help remind the person to use it."

As an off-the-job safety measure, the company has made arrangements for telephone employees to order seat belts for their personal cars.

Noonday Optimists Hear Tax-Reform Advocate

At a meeting of the Noonday Optimist Club Thursday at the Elks Club Noah D. Alper, an official of Public Education Revenue Council, St. Louis, discussed tax reform.

New President Don Z. Farrington was in charge. Thirty-seven members and one guest present also heard a report on the club's recent installation party.

Data Compiled For Namekoti Twp. Sewers

Namekoti town board members met in a brief session Thursday evening, when Supervisor Harry Briggs reported he has completed tax data for the engineering firm of H. W. Lochner, which is preparing an application for sanitary sewers to be installed throughout the township.

The township is preparing to apply for federal planning funds with the Housing and Home Finance agency in Chicago. Briggs said he has completed the data to be furnished the engineering firm and is ready to mail it to them. The data includes the assessed valuation of the township, finance agency in Chicago. Briggs said he has completed the data to be furnished the engineering firm and is ready to mail it to them. The data includes the assessed valuation of the township, finance agency in Chicago.

Briggs pointed out that throughout the township there are only two streets with sanitary sewers—both in the East Madison area. The township has a population of 23,710.

Mitchell Tavern Named In \$7500 Lawsuit

A suit for \$7500 against a Mitchell Tavern owner is pending in Madison county circuit court. The suit was filed Tuesday against Tom Smith, proprietor of Smith's cafe and tavern, by Delbert Hoffield Jr.

Hoffield alleges that a man named John Cartwright assaulted him without provocation with a beer glass, injuring his face and right eye. He alleges that Cartwright led him to the back of the building, where he assaulted him, and is suing in accordance with the state dramshop laws.

He claims he suffered a brain concussion and will have a permanent scar on his face as a result of the incident. The altercation took place May 12.

FINAL/FILTER

The Final Step to assure the Finest Gasolines ever sold!

Today's cars need gasolines free of microscopic particles that used to be no problem. These contaminants clog the filter car makers put in fuel lines to protect precision carburetors. Filter clogging cuts power and acceleration, can even stop your car.

American Oil Research found a solution—the American FINAL/FILTER, the red filter you'll see on the pump nozzle only at Standard Oil Dealers. At no extra cost, AMERICAN Brand Gasolines are Final Filtered as they go into your tank. Look for the American FINAL/FILTER—the gasoline improvement you can actually see!

\$126,000 Retroactive Bridge Repair Budget

A \$126,000 budget for the Mc-Kinley Bridge replacement and improvement fund was adopted on a retroactive basis by the Venice city council Friday night. It is for the bridge fiscal year beginning Oct. 1, 1961, and ending Sept. 30, 1962.

Listed were \$78,558 for closing out the two major contracts on remodeling the bridge and its approaches, \$35,000 for the repair of a roadway gap, \$7578 for roadway lighting and \$7590 for repair of the western approach.

Mayor John E. Lee said both the Mercantile Trust Co., sub-fiscal agent, and the city have been approving bills for payment from the repair fund without a formal budget. However, with the discovery that terms of the bridge purchase require such annual budgets, they are being started with the current year.

The initial appropriation consists of funds expended from last October, plus costs anticipated in the next three months.

The city also adopts a yearly budget for operation and maintenance of the bridge.

Fined \$400, Ordered To Raze 2 Buildings

Charged with failing to comply with a city order to raze two buildings, located at 1347-49 Madison avenue and 1416 Third street, Rno Zurkublen, 44, of 1343 Madison avenue appeared for a hearing Saturday before Madison Police Magistrate John Briddick and was fined \$400, half of which may be refunded.

Heading guilty to failure to tear down the condemned Madison avenue structure, Zurkublen was ordered to do so by July 31. If it is razed by then, the fine of \$200 will be stayed, but court costs will not be released, Briddick ruled.

On failure to raze the Third street building, Zurkublen was found guilty after testimony by Building Inspector Steve Khaman, Health Officer Sam Chomko and Madison police officers. He was fined \$200 and costs and was ordered to remove the building within 30 days, or Aug. 6. City Attorney Nick Vassileff represented the city and Dwight Taylor was defense attorney.

John Lyle King, 46, dies of long illness.

John Lyle King, 46, an ironworker died Thursday at an Alton hospital where he had been a patient for six months as a result of a brain injury suffered four years ago.

Mr. King, a native of Birdseye, Ind., had lived in Chicago about 10 years. He was a member of the Christian Church at Birdseye and of a Moose lodge.

He is survived by his wife, Ula, and four children, Mrs. William (Gail) McFarland, Janet, John Jr. and Larry King, all of Granite City; two brothers, Wheeler and Leo G. Granite City; and one grandson.

Services were conducted here Saturday. Further information is given in today's obituary column.

Hearing On Assault Charge Is Postponed

A hearing on an assault charge against Lloyd Earl McCoy, 25, of 1608 Wilson avenue was postponed Saturday until 11 a.m. next Saturday. He had been arrested for allegedly striking a woman during a party at the Jolly Mill tavern building in Madison July 2.

The charge was filed by Mrs. Wilma Schofield, 24, of 215 Kirkpatrick Homes, who told the Press-Record she had been at the place only about 45 minutes, while some had been there more of the previous night and all that day. She had stopped to pick up a woman friend there and found her asleep, leaning on the bar.

Mrs. Schofield was struck while drinking from a glass after questioning the ownership of a \$10 bill, \$5 bill and coins. In a statement to Madison police, McCoy said persons attending had contributed jointly to buy a case of champagne.

Hit-And-Run Accident

Charles Snajor, 35, of Edwardsville, reported Friday afternoon that his car which was parked on Del Rio drive was struck by a hit-and-run driver. He said the other vehicle backed into his, damaging his left rear and possibly the transmission.

trucks on Broadway. No complaints have been received about the Wabash or Gulf, Mobile and Ohio trucks there. It was noted.

Meeting With State
In reporting on a June 26 conference with state highway officials on the prospects of obtaining funds for the underpass proposal, Mayor Lee commented that, "We hope to solve the slippiness and sign problems by closing the crossing."

He related that if the project could be dedicated as a federal aid route 90% of the cost of a new roadway and the underpass could be paid out of the state's allocations from Washington.

The other 10% might be borne by the railroads, which would benefit from having more area for their switch yards, he said. The city would pay—from its state motor fuel tax allocations or bridge revenue—to connect the underpass with the M & I street bridge plaza.

Edward Juneau joined the mayor in explaining the proposal.

"We always have been willing to put in our share" of the cost, Dr. Lee remarked. We said the Springfield meeting generated more enthusiasm for this project than I've ever seen up to this date. We hope to get everything down in black and white within a year."

Purchase More Decorations
While some street banners and decorations are on hand, more are to be purchased so that the display can be more extensive than in the past, the Mayor said. He recalled that the city was decorated for visits by the governor and the successful presidential candidate, and said the visit by a former president also is a high honor.

Dr. Lee urged that local citizens line the route of a caravan bringing Truman and Kerner to Venice, and taking to the Madison county jail for a day, called for display of flags during the day.

In addition to Broadway, the council briefly discussed, the South Fourth street railroad crossing. Replying to a report by Louis Dunning, a resident of the area, Ebersold said he already had contacted the Terminal Railroad Association, which agreed to apply a coating of asphalt to smooth the crossing.

Taking note of police preference for a Chevrolet, the council authorized purchase of a 1962 auto from the Matthews agency in Granite City for \$1499 (\$2787 less \$1287 trade-in for a 1960 Chevrolet patrol car.)

The other 1960 Chevrolet police car is to be replaced after 1963 models are available.

Chief DeWitt said several speeding arrests have been made on Klein street and that additional attention will be given to Klein traffic after the new police auto arrives.

The council approved a yearly clothing allowance of \$75 for Assistant Police Chief John Es-sington, and approved a June report from Chief DeWitt of 74 arrests and \$700 in fines and court costs. Police Magistrate Wesley Edwards listed \$27 received on bonds and \$10 on warrants.

A \$63,900 cash balance
A June treasury report showed a previous balance of \$81,873 cut to \$63,388, with receipts amounting to \$3475 and disbursements totaling \$21,960.

With \$37 in transit and \$6290 outstanding checks, the June 30 bank balance was \$68,866.

The council approved a building permit for a \$200 one-room addition to the three-room home of Doris Owens at 158 South Fourth street.

Rain Delaying Garage
Architect Virgil Dulgeroff was paid \$2965 for services rendered so far on the new Venice city garage, construction of which has been started. Alderman George Mangiaracino and City Engineer Jack Tolliver noted that footings have been installed but rain has delayed further progress on the garage.

Payments were made to the Towers Fire Apparatus Co., Freeburg, builder of the new Venice fire truck, of \$413 for a 2500-watt generator and \$28 for hose nozzle equipment.

The council amended resolutions adopted Sept. 15, 1961, and June 1 and listed College street for paving as curb. The street had been incorrectly described as Madison and West Madison street. An extension into West Madison also is to be improved in a joint Madison-Venice project.

The street department was instructed to remove debris left in a North Venice lot when a house was torn down. The condition was reported by Fourth Ward Alderman William Griggs.

Auto Strikes Trailer
A collision occurred early Saturday morning on Madison avenue near 6th street. Police said Ross Mitchell, 33, of St. Louis, had parked his tractor-trailer truck and an auto driven by Fred C. Walenburg, 46, of 2705 Princeton, struck the left rear of the trailer.

Nannie Perigen, 54, Dies; Ill 8 Months

Mrs. Nannie Perigen, 54, died at 7:25 a.m. Friday at St. Elizabeth Hospital where she had been a patient for one day. She had been ill for eight months and an autopsy will be performed to determine cause of death. She lived at 2428 Illinois avenue.

A Granite City resident for 32 years, she was born in Gattelsburg, Ky., a daughter of the late Mr. and Mrs. Thomas Allen. She was a member of the Nazarene Church where she taught Sunday school until her illness. Mrs. Perigen is survived by her husband, Charles, an employee of Anheuser-Busch, St. Louis; nine children: Mrs. Raymond (Mary Bernice) Schuff, Huntington, W. Va.; Mrs. Irwin (Mildred Marie) Stengel, Collinsville; Mrs. Jesse (Hattie) Beauchamp, Tulsa, Okla.; Mrs. Ronald (Dorothy) Bailey, Salem; A/Lic William Charles Perigen, Germany; Edward Lee Perigen, Los Angeles, Calif.; Lonnie Keel, St. Louis; and Mrs. Anna Gilman and Mrs. Verna Chaffin, Gattelsburg, and Wheeler, Columbus, O.; as well as 21 grandchildren and one great-grandchild.

Services were held this morning. Further information is given in today's obituary column.

awarded, W. A. Pearson of the engineering staff, said alternates were permissible at the contractor's discretion. With two lift stations to be installed, the savings to the city could amount to \$100,000. The inclusion of the more expensive model was questioned last Monday night by several aldermen, but no action was taken to direct the contractor to install the less expensive pumps. Alderman Frank Voss said the question the costs for dewatering the area while the project is under construction. The successful bidder, A. H. Seibolt Co., submitted a figure of \$250,000 for the first month and \$240,000 for the second month. The project is to take 60 working days to complete. Pearson said with dewatering on a cost-plus basis, contractors were informed the estimated amount would not be considered a part of the bid. Pearson also said Friday he would request a corrected figure to the council on added costs for the 19th street track removal project which resulted when the excavation was 18 inches instead of 12 inches as called for in the bid specifications. Pearson said he did not test the right-of-way but prepared the specifications based on prior experience in street car track removal projects.

The bill submitted to the council Monday night amounted to \$3131, which was rejected. Pearson said he erred in the amount and after conferring with Sternberg Friday will revise the figure for resubmitting it to the council. During last week's council session, Alderman Estlin Von Schmitt, chairman of the Street and Alley committee, said he had conferred with other bidders and that they had run tests on the right-of-way and discovered the need for greater excavation.

Stroke Fatal To Mrs. Eva Vrazsity At 77

Mrs. Eva Vrazsity, 77, of 1702 Garfield avenue died of a cerebral hemorrhage at 8:24 p.m. Saturday at St. Elizabeth Hospital. Stricken two days earlier, she had been at the hospital for one day.

Born in Austria-Hungary, Mrs. Vrazsity, formerly Eva Horvat, came to Madison in 1910. She remained here until moving in 1931 to Brighton, Ill. A year ago, she moved to Granite City, making her home with a daughter, Mrs. Michael (Veronica) Patrick.

Her husband, Pete Vrazsity, is a retired farmer. Although preceded in death by a daughter, Mrs. Julia Niepert, and two sons, Barney and Michael Vrazsity, she leaves 49 descendants.

The survivors, besides her husband and daughter, are two sons: Sam of Rockford, Ill., and George Vrazsity of Appleton, Wis.; two other daughters, Mrs. David (Pauline) Tomich and Mrs. Rose Fields, both of Granite City; 15 grandchildren; 26 great-grandchildren and three great-great-grandchildren.

Funeral arrangements are given in the obituary column.

Breidenbach Again War I Vets' State Officer

William Breidenbach was re-elected department quartermaster, and Mrs. Breidenbach was appointed color bearer at the Department of Illinois Veterans of World War I convention held Friday through Sunday in North Aurora. Fred Whitlock of East St. Louis was re-elected department commander.

Attending the convention from the Quad-Cities besides Mr. and Mrs. Breidenbach were Mr. and Mrs. Joseph Bergrath, Mr. and Mrs. Leo Hendricks, Mrs. Estella McBrian and Mrs. Kathryn Fellers.

Charges Filed After Auto, Lawn Damaged

Madison police at 3:15 a.m. Sunday filed charges of driving under the influence of alcohol and reckless driving against David L. Fisher, 18, of Box 86, Mitchell. He was released on \$500 property bond to return at 11 a.m. Saturday.

Fisher's car was moving west in the 2000 block of Harris street when its left front hit the left

front of the parked auto of Ivan Pierce, 2012 East Harris street. The Fisher car ran onto and damaged the lawn of Dale Onkle, 2008 Harris street. Fisher's auto was towed to a garage.

Nameoki Road Mishap

A collision of southbound buses on Nameoki road at Cottage avenue damaged the front of the car of Robert H. Rash, 333 English place, Mitchell, and the rear of the vehicle of John Belusko, 2240 Woodlawn avenue. Belusko had stopped to allow a third auto to make a left turn.

Damage To Parked Car

As Mrs. Carrie Suge, 1681 Third street, was pulling away from a parking place in the 1500 block of Third street, Madison, at 8 p.m. Thursday, her auto caught and damaged the rear bumper of the parked car of John R. Cox, 2019 (rear) Fourth street.

Will Undergo Checkup

Mrs. Florence Keef, 1516 Fourth street, Madison, entered St. Elizabeth Hospital today to undergo a checkup and possibly surgery.

Automatic Equipment Being Installed For Credit Bureau

New automatic equipment which will cut time in credit reference work by 60 to 80% is being installed today in the credit bureau division of the Associated Retailers office. The heavy files were hoisted into the office Saturday morning through a second-floor window on the Delmar avenue side of the office.

The automatic files will contain retail records for 36,000 families, and the information needed by local retailers will be obtained in a matter of minutes by clerks through a punchboard operation.

The clerk won't even have to move from her chair. The files are completely automatic, and we've been working great lengths to prepare for their arrival," Barnes said.

The office is equipped with two of the automatic files especially designed for credit bureau work and four other fireproof filing cabinets.

Barnes said the credit bureau averages 2500 inquiries a month to serve its 310 local members, as well as calls from the entire metropolitan area. The local bureau is a member of the Associated Credit Bureaus of America which has offices in over 3000 cities in North America and South America.

State, Election Judges Fees, Election Judges

Fees received by a county clerk, serving as county registrar of births and deaths, do not belong to him on personally but must be accounted for as are other fees, Illinois Attorney General William G. Clark ruled this week.

The state constitution, Clark's opinion held, provides that such fees in excess of the county clerk's compensation shall be paid into the county treasury.

Clark says now that if a town clerk and township road commissioner meet the statutory requirements, they are eligible for election as a judge of the election to be held in November.

However, Clark said a supervisor of the county board would be ineligible for the post. The statute provides, he said, that such a county board member can hold no other job than member or chairman of the county board during the term for which he is elected.

Break-In Attempt

Someone attempted to break into a home at 3704 (rear) Park road at 10 p.m. Saturday while the family was away. Police were notified. Entrance was not gained.

Someone was removed from a door at the rear of Big Top Bowl on Nameoki road to gain entrance early Saturday morning. Nothing was reported missing.

Theft of a 20-inch power mower from the rear porch of Jone Hunt, 2132 Bryan avenue, was reported Friday to Granite City police.

1950 Auto Stolen

A 1950 model green automobile was stolen early Saturday morning from the home of Clarence Street, of 2213 Terminal avenue.

The battery was stolen Sunday morning from a motorcycle owned by Thomas J. Davis, 1803 Edison avenue. The vehicle was parked in his back yard.

Four Hubcaps Missing

Four hubcaps were stolen Sunday morning from an auto owned by Dorothy Skipper, 110 Kirkpatrick home. It was parked on the lot of a downtown bank.

Three spinner-type hubcaps were stolen from the auto of Paul Maker, Alto, while it was on an Illinois Terminal Railroad parking lot on Route 67a south of Madison, he reported at 1:20 a.m. yesterday.

Four hubcaps were stolen Friday from a 1960 auto owned by Bertram F. Johnston, of 2936 Dogwood drive, as the vehicle was parked near his home.

Miss Grimm Recovering

Miss Geraldine Grimm, 15, daughter of Mr. and Mrs. George Grimm, 2912 Iowa street, is recovering at DePaul Hospital in St. Louis from leg surgery which she underwent last week. The operation was the result of a sledding accident suffered last winter at Monks Mound.

18 From Here On Area Study Group Sub-Committees

A preliminary list of members of 12 sub-committees of the southwestern Illinois Area Study Commission was announced Friday by Rep. Paul Simon of Troy, chairman of the commission.

Sub-committee members will meet together tomorrow at 7:30 p.m. at the Collinsville high school library.

There will be a general introduction to the work of the commission and the problems this area faces.

At the conclusion of the general meeting, the various sub-committees will meet separately to plan their future activities.

Recommendations Planned

Purpose of the sub-committees is to survey the needs of St. Clair and Madison counties in their respective functional areas, and to make recommendations to the Area Study Commission on future needs and means of meeting these needs.

The sub-committees are to report to the commission by Nov. 15. The commission will report to the Illinois General Assembly by Jan. 1963.

Quadrants named to sub-committees thus far are as follows:

Bernard Cultural Chapter Cultural affairs—Burton Benard, chairman, and Raymond Henley.

Land use—Terry W. Francis.

Hospitals and health services—none from Quad-Cities.

Sewers and water supply—G. W. Hoelscher.

Highways and transportation—Carl Rant, Dan McGee and E. F. Reiske.

Recreation and conservation—Henry D. Kasper.

Economic development—John L. Barron, Lloyd McBride, Robert Gibson, Harlan Dobry, John Ryan and Paul H. Lichtenberger.

Air pollution—none.

Education—William F. Winter.

Chairmen listed among the preliminary appointments include Dr. Hubert Allen of Alto, hospitals and health services; Charles Sheppard of Alto, sewers and water supply; Harry Kluge of Edwardsville, highways and transportation; Mayor Charles E. Nichols of Belleville, governmental services; Harry Hemphill of East St. Louis, housing; Leo Cohen of Belleville, governmental finance; Leonard Schwartz of Edwardsville, recreation and conservation; Kenneth Johnson of East St. Louis, economic development; Rev. William Warner of East St. Louis, air pollution; Dr. Clarence Stephens of Edwardsville, education; and Leo Obernueffmann of O'Fallon, land use.

Robbery \$2470

(Continued From Page 1)

Two-cycle, six-horsepower chain-saw motor and a pair of Jarze scooter tires with red wheel rims from the garage of John Deza, 721 Washington avenue, Madison. The articles had a total value of \$45.

Frank Misturak, 806 Washington avenue, informed Madison police at 2:30 p.m. Saturday that articles valued at \$44 were stolen within the last month from his garage, where his cruiser is stored. Missing are a \$23 gas-line tank and line, \$9 six-volt battery and \$12 fire extinguisher.

License Suspensions

The drivers' licenses of Jasper S. Chepley Jr., 2403 East 25th street, and Peter P. Novatch Jr., 1501 Joy avenue, have been suspended due to three moving traffic violations, according to the driver's license division of the office of the Secretary of State Charles F. Carpenter.

Investigate Nude Reports

Police investigated a report Friday that a teenage girl appeared on a porch in the 2400 block of Fifth street, East Madison, without clothing. In Granite City Friday, police escorted a three-year-old girl home to her mother. The child was wandering also without clothes.

MONDAY, JULY 13, 1937

Six companies of firemen were still fighting a \$75,000 blaze on the Illinois Terminal Railroad viaduct in Venice at 3 p.m. today, four hours after it began. The flames had been brought under control over a quarter-mile length of trestle except for 500 feet in the center, which could not be reached by fire apparatus. This section will be left to burn until it crumbles to the ground.

Fire companies called to the fire included Venice, Madison, National City, Granite City, Brooklyn and St. Louis. A short circuit is generally believed to be responsible. The flames started about 11 a.m., almost immediately after a passenger train passed over the viaduct.

Mrs. Marie Skalsick, Venice, was surprised Thursday evening by members of the Venice Fire company at the home of Mrs. Leland Burns.

Lunches were served to Mr. and Mrs. Roy Benner and children, Ruth, Dolores and Dickie, Mr. and Mrs. Lee Harris, Mr. and Mrs. Alvin Gledhill and Mrs. Marjorie Joann, Mr. and Mrs. Verne Hargrave and Phyllis and Linda, Mr. and Mrs. William W. Skalsick, Mrs. Thomas Martin and daughter, Maxine, and Mr. and Mrs. Leland Burns and daughter, Dorothy Jean.

Mr. and Mrs. William Wind, 1612 Fifth street, Madison, returned Friday morning from a three-week tour of the Pacific coast from Los Angeles, Calif., to British Vancouver and also through the Canadian Rockies.

The T.N.T. club met Thursday with Mrs. James O'Brien of Iowa street and one of the members, Mrs. Clyde Lester, was given a birthday surprise by the group. Others present were Mrs. John Stallings, Mrs. John Taylor, Mrs. Clarence Stallings, Mrs. Clarence O'Neal, and Mrs. Fred Fossick.

Mrs. V. H. Barnes of Washington, D. C., the former, Gene Short, left Sunday for her home after spending several weeks here with her brother-in-law and sister, Mr. and Mrs. Paul Klund, and her uncle and aunt, Mr. and Mrs. W. M. Kendall.

Dr. and Mrs. H. P. Reuss and daughter, Miss Ruth and Betty, are leaving for Alaska today, after six weeks in Alaska.

Bud McGuire, Ola Yates, Bernice Pogue, Althea Carter and Margaret Penkney of the Troopers Club enjoyed an all-day outing at Wilson Park yesterday.

Miss Wilma Burns entertained the Sand Prairie 4-H club at her home Thursday afternoon. There was a talk on dress trimmings and bound buttonholes by Miss Harriet Brinkhoff, after which Misses Marie Landwehrmer and Marcelle Brinkhoff gave a demonstration on worked buttonholes. The program was conducted by Miss Burns.

WHERE WILL LOSS OF CITY JOBS END?

To the Editor:

It looks and sounds as if Granite City is getting a face-lifting, as far as workers go. It is said city manager government is no good, but what about ours at the present time?

People working for the city—careful! There's a house cleaning here. Who knows where you will be tomorrow? If the mayor gets mad at you, you may get replaced. I'm glad I don't work for the city.

Remember the men losing their jobs. We have lost 311 and 19 men from the sanitation department. Who or how many will be next? We still have hopes of the 19 men getting back their jobs. Let's hope they do.

THINKS ESTIMATE OF WATER USAGE IN WINTER QUARTER IS TOO LOW

To the Editor:

I have been greatly concerned about the rate fee that will be charged if Granite City passes this \$10,000,000 bond issue for sewers and pollution abatement.

Your newspaper has stated that the minimum fee will be \$3.25 a month, based on the winter quarter water usage. This means that to be charged this so-called minimum, a family must have a water bill of \$9.75 during this quarter.

I just can't believe that 85% of our citizens use only the minimum amount in the winter of any other quarter for that matter.

I have been talking to people and have found very few who use the minimum amount. Based on my own water bill, I would be paying about \$7 a month.

It just doesn't check out that only 15% of the people of Granite City use the minimum of \$9.75 during the winter. Anyone with small children and automatic wash machines

Mr. and Mrs. J. A. Rayburn, with their son, Arthur, and their house guest, Miss Mary Jane Hontz, Santa Monica, Calif., moved to Granite City last weekend and spent the time with Mr. and Mrs. E. L. Copeland, who are vacationing there.

Steve Maerans, refreshments, and Mrs. Laura Hill, gifts, have been named committee chairman for the "Fannie Allison Night" to be held the latter part of this month at Madison high school in honor of Mrs. Fannie Allison, veteran school teacher.

Sacred Heart dropped another game yesterday in the Inter-City League race, when the Maryville aggregation came to town and launched an early attack on Stacks, netted it 10 runs in the first three innings. The final score was 12-6.

Several Mexican families residing in this area will stage a three-day festival in the city of Mexico, starting Thursday at which Mexican Consul Arturo Petets of St. Louis will be guest of honor Saturday evening. F. J. Santarosa is president of the Mexican Honorary Commission planning the event.

A regular business meeting of the Ladies' Auxiliary, Private Henry Ottendorf Post No. 20 Veterans of Foreign Wars, was held Friday evening at the Odd Fellows annex, presided over by Mrs. Clara Elliott.

A new member, Mrs. Vera Green, was initiated and delegates to the national convention in Buffalo in August were selected. They are Mrs. Florence Klugebauer, Mrs. J. A. Peterson, delegates, and Mrs. Olive Clare, Mrs. Vera Todd and Mrs. Blanche Voss.

Mr. and Mrs. Gerkin and the former's sister, Mrs. Kuecker of Troy, Ill., returned Thursday evening from a 900-mile motor trip, during which they visited relatives they had not seen for 33 years.

Upton Gardner and Frank Dandorf Jr. have returned from a vacation spent touring Colorado, Wyoming and other western states.

The Maerans club party was held Thursday afternoon in the home of Mrs. A. J. Humes, 2421 Delaware street. Mrs. Paul Klund and Mrs. William Williams held the winning scores and were awarded prizes, and others present were Mrs. John Taylor, Mrs. Nick Loeffler, Mrs. Peter King, Mrs. Elsie King, Mrs. William Williams, Mrs. George George, the latter of St. Louis.

Mrs. Minnie Martin of Logan street, Venice, had as her guests Thursday Eddie Bean, Mrs. Ruby Schaffner and daughter, Water Co. of St. Louis and Miss Pauline Stuebli of Potosi, Mo.

DINNER GUESTS

Mr. and Mrs. C. J. O'Day, 2115 Hampton street, entertained at dinner guests in their home Wednesday Mr. and Mrs. Norman Headley of Washington, D. C. The Headleys were enroute to their home following a trip to Arizona.

VISIT IN INDIANA

Mrs. Hazel Painter of Granite City returned home Sunday after a visit with Mr. and Mrs. Harold Hermann of Forest Park, Ind. and Mrs. and Mr. Nick Marney of Munster, Ind. Mrs. Jessie Oehler, Mrs. Sylvia Meyer and Mrs. Mae Forsythe, who accompanied her, remained in Indiana and are to return home this week.

Mr. and Mrs. Floyd Painter of Granite City and Mr. and Mrs. Everett Painter of Carrollton, Ill., spent the weekend in Camdenton, Mo., where they attended a rodeo.

Miss Becky Schaffner, daughter of Mr. and Mrs. George Schaffner of Washington avenue, returned home Saturday from a week's vacation in Springfield, Mo. A student at the Jewish Hospital School of Nursing, she has been home for a two-week vacation.

Mrs. Schaffner and her son, Roger, motored to Waynesville, Mo., Wednesday and left but not to Springfield, also returning home Saturday.

I have at least 300 constituents that this sewer deal will not benefit one dime, as they will not get a new sewer. Where I live we have not even a side walk. Granite City Steel has ripped it up installing a water main. Our property is being sold to the extent that it is almost impossible to get adequate insurance coverage and it is impossible to sell or get a property loan.

But you still have the nerve to ask me to support a \$10,000,000 bond issue to enrich a few capitalist money-changers at the expense of the majority of Granite City.

Was this Abraham Lincoln's concept of government? A parody of his quotation might be "Let the poor taxpayers perish from the earth."

Go ahead and pass the bond issue. I will give them this place I used to call home and pay them the rent when I get out of there. I will pay them \$25,000,000. What is your price interest? Print the bill.

Memory Of Flooding, Sewage Unpleasant But Should Guide Voters In October

"If only there is rain a few days before the election."

This thought has been voiced by supporters of Granite City's pollution abatement-drainage program, who know that the problem is acute and want the basic issue to be clear in the minds of all when local citizens go to the polls Oct. 2.

Last week's downpours dramatize the conditions that impair this community's future welfare and prosperity. Flooded streets, raw sewage flowing into gutters and yards, damaged autos and pavement, health hazards and foul odor combine to paint a stark picture of what Granite City should not and need not have to endure.

A "Yes" vote by the public—plagued for long by the drainage mess and health menace—can change this unattractive picture into a portrait of a community willing to progress, a city ready to provide a basic, essential public service.

Will citizens' memory of what must be endured remain sharply in focus until October?

Any government that is big enough to give you everything you want is big enough to take everything you've got.

Successful Kennedy Trip May Set Pattern For Local Ensemble

Success of the Mexican visit by President Kennedy and his wife this month is an encouraging sign for a tour of a different kind next month—the journey to and through Mexico by 40 Granite Cityans. Judging by the warm reception accorded the Kennedys, a memorable experience is in store for the Coolidge junior high school Latin American ensemble members and the adults accompanying them.

While there is a marked contrast in the two trips, both have the same basic objective—strengthening of friendship between two countries which are close geographically but not as close politically or ideologically.

Both itineraries involve extensive contact with Mexico's "common man," and both include a stop at the presidential palace, a visit to the city of Mexico and a tour of the Yucatan. From an historical standpoint, the joint company of the two government leaders, President Kennedy and Lopez Mateos, will be more important. But we would guess that there also will be much effective communication between the young musicians and their Latin American hosts.

Lack Of Venice School Bidding Causing Needlessly High Costs

The \$1711 being paid by the Venice school district for a treasurer bond amounts to about three times what the cost might have been if competitive bids had been obtained, comparative figures disclose.

Waste of funds can hardly be justified, even in a school system blessed by a high level of taxable wealth per pupil. It could be contended that much of the tax money is derived from railroads and utilities, but this would be weak logic; any unnecessary expenditure adds to the burden on every taxpayer, large or small. When will this realization bring about a change in the board's policies?

Expansion Of Nestle Plant Included In Rebuilding Plans

Happier news is due for early August this year than was true in early August of 1961, when an explosion at the Nestle Co. instant coffee plant depressed the processing department, killing two employees and injuring six others. The current news involves opening of bids to rebuild not only the damaged section but also to expand the plant's facilities.

The ultra-modern industry which will result should serve as an eloquent expression of the Nestle firm's regard for the Quad-Cities as a manufacturing location and its appreciation of the local community's response during last summer's dramatic 14-hour sewer effort.

Uniform Tavern Hours Needed Throughout Bi-County Area

Uniformity of tavern closing hours remains a worthy goal in Madison county, and even more benefits could accrue if the same hours were extended to St. Clair county as well.

That progress in this direction may be possible is attested by last week's comments of the St. Clair excise commissioner and state attorney, both of whom suggest that uniformity be sought. Madison county officials and the Southwestern Council of Mayors are in complete agreement.

Merely changing to the St. Clair county hours would solve nothing, for the sorry record of notoriety and violence there does not constitute much of a recommendation for the governmental policies being followed. However, St. Clair officials for the first time are talking in terms of hours similar to those of Missouri, where much of the late-hour business originates.

With Madison county ministers playing a leading role in getting their county's 1 a.m. (2 a.m. Sunday) law restored last year, it is interesting to note that the Collinsville Ministerial Association is urging a two-hour cutback in that city's 3 a.m. weekday-4 a.m. Sunday law.

Unfortunately, closing regulations seem to be among the laws that require special effort to enforce. Routine patrol procedures fail too often; despite increased reports of violations, Madison county deputies did not make arrests until a few days ago when Sheriff Musso issued specific orders from his hospital bed.

It seems probable that the enforcement task would become easier if closing hours were made uniform throughout the Illinois Metropolitan Area and in the surrounding region.

and thus eliminate the complaints by the individuals along Clark who didn't want the water coming in from their homes."

The Mercer drive area with about seven new homes flooded frequently and with last Wednesday's 1.91-inch rain was inundated. The developer, George Kent, has a plan to install the lines at the time the area was being developed and that he was to condemn property and install the lines at the time the area was being developed.

Kent, who is treasurer for the levee district, said the practice of borrowing pumps from the city is a routine procedure in St. Clair county areas, and price sought by the property that his firm paid the operators, lower. The mayor stated.

The flooding of Mercer drive has resulted in a number of dispossessions at city council sessions. Alderman Frank Vesci last week instructed City Atty. John Gilchrist to take legal action against Kent to force the installation of drainage lines and also sanitary sewers. The area now has cesspools.

Kent said he planned to install the lines at the time the area was being developed and that he was to condemn property and install the lines at the time the area was being developed.

Kent, who is treasurer for the levee district, said the practice of borrowing pumps from the city is a routine procedure in St. Clair county areas, and price sought by the property that his firm paid the operators, lower. The mayor stated.

Historic Wilmington, hub of a Magic Circle weekend auto tour, is noted for its pre-colonial buildings, historic houses, and the Caesar Rodney as he galloped to Philadelphia to cast Delaware's vote for the Declaration of Independence, 1788 Old Town Hall, the Delaware Historical Society's nine-foot wooden statue of George Washington, and Old Swedes Church, used exclusively since 1684.

Following the Delaware River, the route leads to picturesque New Castle, originally settled by the Dutch. Highlights are the Old Court House, called Delaware State's colonial capital, the intriguing old collection at 1730 Amstel, and the Old Dutch House with its entrance tucked below street level.

Pea Patch Island, in the river, is the site of historic Fort Delaware. Used as a Confederate prison during the Civil War and protected by a moat, its walls are in thickness from seven to 30 feet. North at Fort Mifflin, once a powder keg factory on the Delaware River, is America's oldest industrial childhood is recreated. Nearby Winterthur Museum, of nearly 100 period rooms, will delight antique enthusiasts with its collection of rare and valuable papers to Persian rugs and embroidered silks.

Across the border in Pennsylvania, Longwood Gardens are particularly beautiful in spring, although indoor flower displays continue year-round. In the heart of the state, the Delaware State Capitol, a masterpiece of Federal architecture, is a sight to behold. A captured brick street level, it was designed by hand of Colonial soldiers, in a display.

THE PASTOR SPEAKS

REV. J. T. BRYANT
Trinity Methodist Church

Our subject is: Walking With God. Enoch walked with God and was not; for God took him. Gen. 5:22.

Man's journey through life is to be a walk with God. His coming to God and performing of Christian duties is often spoken of as running. All should come running to God, and then all should run as in a race to die with Him.

Enoch set an example by walking with God. Not much is said of him except in our text and Hebrews 11:5. These two verses pay him high honor.

Walking with God is as joyful for Christians as it was for Enoch. "If we walk in the light as He is in the light we have fellowship." And our Christ is that

Enoch's day was a picked one and a hard day. Yet, he stands true and was richly rewarded. Jesus Himself did not have it easy. But in all His trials and persecution, He did the will of the heavenly Father. Therefore, walking with God does not assure that everything will be easy for us. We may falter, yet "if that man falleth seven times, and riseth up again." Prov. 24:16.

Isaiah gives us God's word: "Fear thou not, for I will uphold thee with the right hand." Is. 41:10.

David said, "Blessed is the man that walketh not in the counsel of the ungodly." He also said, "I will walk before the Lord."

Finally, John in Revelation tells us that Jesus promises: they that "defile not their garments, shall walk with me in white, for they are worthy."

Area To Be Represented In Traffic Conference

The Quad-Cities area will be represented Wednesday at the Traffic Control Devices at the Dutch Girl restaurant, 2100 W. Main street, Belleville.

The all-day conference begins at 9:30 a.m. and ends at 4:30 p.m. Among those registered from the area are Granite City Police Chief Raymond Willard; and C. E. Rhoades and W. E. Pearson, both of David Johnston consulting engineers.

The purpose of the meeting is to explain and discuss the new federal manual on uniform traffic control devices for streets and highways and how its adoption will affect the streets and highways of Illinois.

The agenda includes a brief review of the purpose of the conference by G. H. Shanahan, district engineer of Illinois Division of Highways. District 9 introductions by William Krause, assistant to the district engineer; a talk on the development and importance of the new standard by G. L. Crawford, district traffic engineer; an explanation of the legal importance of uniform traffic control by F. W. Moore, assistant district traffic engineer; a review of signs, markings and signals by field traffic engineers and a question and answer period.

The conference will then adjourn for lunch. It will reconvene at 1:30 p.m. for a round table discussion on the responsibilities of official agencies.

A panel will be composed of representatives of the bureau of public roads, the state highway division, counties and townships, and municipalities. G. L. Crawford will be moderator.

This will be followed by a meeting of representatives of counties, townships and municipalities to discuss action needed on these agencies.

In the late afternoon, there will be reports of agency chairman and open discussion. A conference summary will follow.

G. H. Shanahan will offer the closing remarks.

Madison Lions Name Committee Chairmen

Madison Lions club members set up committee for the coming year at a weekly meeting Thursday evening at the Sportsman's club.

Locks Traffic Drops Off Slightly In Past Month

Total freight tonnage through the Chain of Rocks locks 27 was down slightly last month compared to May figures. The number of barges and towboats also dropped. Lockages were up by one, while the number of vessels was down 38.

Total freight tonnage in June was 2,747,050 tons compared to 2,749,608 tons in May, a drop of 2,558 tons.

A breakdown of upstream tonnage shows the totals as petroleum products, 426,800 tons; grain, 15,750; coal, 529,000; cement, sand and gravel, 2550; sulphur, 21,050; miscellaneous commodities, 285,125; iron and steel products, 38,990; chemicals, 71,300. Total 1,401,429 tons.

Downstream tonnage was petroleum products, 208,945; grain, 950,400; cement, sand and

gravel, 13,600; miscellaneous commodities, 56,000; iron and steel products, 101,250; chemicals, 15,150. Total 1,545,865 tons.

Of the total 2,747,050 tons, 2,746,700 was commercial and 350 was government materials.

There were 4286 vessels compared to 4384 in May.

Commercial vessels included 805 towboats (down 32), three passenger boats, 3157 barges (down 138), and 10 U. S. contractor boats. Government vessels included eight towboats, 30 barges, a small craft, a construction boat and six patrol boats.

Totals for the first six months of the year are 13,164,310 tons compared to 10,995,716 tons for the same period last year, 20,339 vessels compared to 17,091 last year; and 4266 lockages compared to 3800 last year.

Compared to June of last year, however, total tonnage was up 736,833 tons; total vessels were up 875; and total lockages were up 55.

DOUBLE FIVE CLUB HONORS MISS WIDOWS

Miss Mary Lou Widdows was honored by the Double Five club Friday evening at the home of Mrs. Jo Ann Imboden, 2174 Grand avenue. The party was held in lieu of the club's monthly meeting and was a farewell party for Miss Widdows, who left Sunday for Tucson, Ariz. The honored guest was presented with a gift from the club, and games were played. Afterwards, the hostess served a late dessert course to Miss Widdows, Miss Carpen Grider, Mrs. Judy Jones of Gahokia, Mrs. Beverly McFadden, Mrs. Elaine Purpitt, Mrs. Jo Ann Stalling, Mrs. Lucetta Wright, Mrs. Sandy Harner, Mrs. Joan Pfeiffer and Mrs. Sandy Cuvier.

Mr. and Mrs. Sherman Ray and children, Denis and Annette, 1640 Venice avenue, returned late Friday after spending the Fourth of July holiday in Sullivan, Mo., visiting Ray's grandmother.

HOME FROM VACATION

Mr. and Mrs. Willis Shepard and children, Lynn and Jimmy, 1616 Mitchell avenue, returned late Friday from a two-week vacation. The first week was spent in Chicago visiting their respective parents, Mr. and Mrs. Frank Shepard and Mr. and Mrs. Frank J. Koch. The second week was spent with Mr. and Mrs. Austin Witte and son, Randy, 2323 Red Bud avenue, at Lake Haney, near Rockaway Beach, where the families enjoyed fishing, boating, swimming and horseback riding. After the two families returned Friday, the Wittes motored to Pennsylvania for another week's holiday.

KOSTOFF'S ENTERTAIN

Mr. and Mrs. Nick Kostoff, 2546 Spaulding avenue, entertained members of the families and friends at a barbecue Wednesday on the back lawn of their home. Their guests were Mrs. Ann Valenti, mother of Mrs. Kostoff, her brother-in-law and sister, Mr. and Mrs. James Powers of Manchester; the twin brother of the hostess, Jack Valenti and his wife and children, Susan and Robert; Webster Groves; another brother and sister-in-law, Mr. and Mrs. Jerry Valenti and children, Kathy and Mike, of Sappington, Mo.; and the Kostoff children, Joe, Nick and Janet.

DOUBLE 12 CLUB MEETS

Mrs. Mary Lou Avel was hostess Thursday evening to the Double Twelve club in her home, 5116 Hagg road.

Cards were played, and Mrs. Carol He-dricks was the grand winner.

A late dessert course was served to the other members present, Mrs. Sandy Harner, Mrs. Pat Imboden, Mrs. Ruth Smith, Mrs. Gerri Varas, Mrs. Sharon Hillmer, Mrs. Rosemary Calanzano and the prize winner. The next meeting will be in two weeks at the home of Mrs. Hillmer, 1828 Ferguson avenue.

Judy Runk, 6, daughter of Mr. and Mrs. Omar Runk, 1637 Mow avenue, returned Thursday from a three-week vacation in Monmouth, Ill., where she visited an aunt and uncle.

Homer Johnson and son, Jimmy, 3217 Wayne avenue, spent the July 4th holiday visiting their parents, Mr. and Mrs. Earl Johnson, in Carbondale.

OBSERVE ANNIVERSARY

Mr. and Mrs. David L. Murphy, 2546 Spaulding avenue, observed their twelfth wedding anniversary Friday evening at a dinner party at Lombardo's in St. Louis. They were the guests of Mr. and Mrs. Jack Boggsian, and Mr. and Mrs. Jack Boggsian.

TWO BIRTHDAY PARTIES

FOR JOHN WILKINSON
The sixth birthday of Johnnie Wilkinson, son of Mr. and Mrs. John Wilkinson, 1302 Ferguson avenue, was celebrated with two parties last week.

On July 4th, a swimming party was held in Mount Olive at Lake Na-Ha. Guests were Mr. and Mrs. Frank Wilkinson and sons, Frank and Gary, of Edwardsville; Mr. and Mrs. Forrest Crawford and children, Linda, Kenny and Larry, and the birthday child's brother, Jamie, and sister, Joanne.

The second party was held Thursday evening in the Wilkinson yard, with his playmates as guests. Ice cream and cake were served after several games were played, with each guest receiving a prize. Colored balloons waved in the trees and shrubbery.

Children attending were Mike Stanton, Joey Dietrich, Elmer Humphrey, Cindy Howe, Tom Winters, Linda Dissler, Kevin Brinkmeyer, Scottie Hileman and Joanne Wilkison.

HOUSE ESTS DEPART

Mr. and Mrs. Robert George and children, Linda, Douglas and Bobby, of Phoenix, Ariz., formerly of Venice, left Thursday for their home after spending the past ten days here visiting a number of friends and relatives. They were accompanied home by Miss Susan Sabin, daughter of Mr. and Mrs. Lewis E. Delmar, 1637 Venice avenue, at whose home they were house guests for part of their stay. Miss Sabin will remain in Phoenix for six weeks.

Levy For Venice Parks Up \$4137

Venice park board members passed a \$68,684 tax levy for 1962-63 during a regular meeting of commissioners Thursday night. The figure is \$4137 more than was levied for operations during 1961-62, and is exactly the amount budgeted for the current fiscal year.

The board levied \$46,074 for corporate purposes, compared with \$44,747 last year. The levy for recreational purposes decreased from \$19,570 last year to the newly-adopted figure of \$18,910, marking the second straight year in which the park district has reduced spending for recreational purposes. Recent joining with the Illinois Municipal Retirement Fund (IMRF) resulted in a special levy of \$3100 for that purpose this year, a figure identical to the one included in the new budget for municipal retirement.

The 1962-63 budget showed an increase of \$6707 over the 1961-62 figure of \$61,947. Eastbound auto collided on 20th street at Iowa street at 4:35 p.m. Saturday. There was damage to the left side of the car of Henry Gant, 2833 Wayne avenue, who was making a left turn. The right side of the auto of John Freeman, 1607 Fourth street, Madison, who was attempting to pass Gant, police said.
